WELCOMING REMARKS OF CHAIRMAN

Chairman DeGerolamo welcomed those persons whose identities are set forth hereinabove under "Appearances".

INTRODUCE ANY COMMENTS FROM THE PUBLIC

Chairman DeGerolamo addressed the meeting and invited any comments from the Public or Press on items pertaining to today’s Agenda.

EXECUTIVE DIRECTOR’S REPORT

SCUDDER FALLS

In my report last month, I mentioned that the Commission provided briefings in Ewing Township and Lower Makefield on the status of the Scudder Falls Bridge rehabilitation project.

I am happy to report today that the project is advancing and after much consideration and deliberation, we have reached agreement on the preferred alternative.
DELAWARE RIVER JOINT TOLL BRIDGE COMMISSION

Meeting of June 25, 2007

Highlights of that include the roundabout option for the Route 29 Interchange, which was initially proposed by NJDOT, and the installation of additional sound barriers beyond what is required by law. We will be holding noise workshops with Lower Makefield and Ewing Township to focus on factors that impact noise mitigation locations.

Our next steps are to prepare and submit an environmental assessment document to FHWA with the goal of starting the public comment period by the end of this year and to begin procuring a design team.

Our goal is to begin construction in late 2009.

The project includes the total replacement of the bridge with the new bridge having five northbound lanes and four southbound lanes and improvements to I-95, and the Taylorsville and Route 29 interchanges.

We are encouraging community members to visit our website at www.scudderfallsbridge.com or call the project hotline at 1-800-879-0859 for the most up-to-date information about the project.

OTHER CAPITAL IMPROVEMENT PROJECTS

I have some brief updates on some of other capital improvement projects.

_Trenton-Morrisville_ – Phase 1 of the Route 1 rehabilitation continues to move forward and is expected to last until next Spring.

Commission representatives have developed traffic safety materials for school children, encouraging them to avoid hazards and protect themselves while in the vicinity of the construction. Materials consist of word games, puzzles and math cryptograms designed to familiarize school children with construction activities, signs and equipment and warn them of the danger around construction sites. In addition, a presentation was made to grades K through 7 at Holy Trinity School earlier this month.

_Riverton-Belvidere_ – Construction work is on schedule and expected to be complete by the end of July. A rededication ceremony is planned for August 16 and you all are invited.

_Centre Bridge-Stockton_ – The majority of construction work is complete. You should be receiving invitations to the rededication ceremony, which is planned for July 25, soon.

_Milford-Montague_ – Commission staff solicited letters of interest for the construction management and inspection consultant. We received four and are currently reviewing them. The design consultant is expected to submit final plans by late summer.

TOLL ADJUSTMENT

As you know, the toll adjustment for trucks went into effect last month and I am happy to report that it has had little impact on truck traffic crossing our toll bridges. If anything truck traffic for the month of May 2007 was up slightly over May 2006. There were nearly 475,000 trick crossings last month.
Maybe the truckers realize that even with the toll adjustment the Commission’s rates remain significantly lower than every other bridge crossing the Delaware.

**GEC CONTRACT**

Later this morning you will be asked to name a General Engineering Consultant to perform our bridge inspections.

The Commission is required to inspect all bridges and facilities within its jurisdiction at least once every two years or more often if warranted due to the condition. Our toll bridges and related facilities will be inspected this year. Our toll-supported bridges and facilities will be inspected in 2008.

The Commission’s 20 bridges include seven toll bridges and 13 toll-supported bridges.

The inspections and corresponding reports and recommendations help ensure the safety of our bridges and guide us as we move forward with our long-term capital improvement program.

**CAI**

Also this morning you will be voting on two grant awards under our CAI program.

This first grant in the amount of $234,217 is to Yardley Borough for the reconstruction or resurfacing of portions of six roads within the borough. The project will improve traffic flow throughout the borough by upgrading the current condition of the roadways to provide new, uniform surfaces.

The second grant is to Holland Township for $718,100 for the reconstruction of Crabapple Hill Road between Church Road and County Route 627. The reconstruction project will repair an existing slope failure, provide safety improvements, improve roadway drainage, reduce routine maintenance requirements and improve rideability.

The Commission awarded the first round of grant funding under its $40 million CAI Program in September 2005. With this eighth round of funding, we will have awarded more than $35 million to 30 New Jersey and Pennsylvania communities impacted by our bridges.

No objection was voiced and Commissioner Alfano moved and Commissioner Prevoznik seconded the adoption of the following Resolution:

“WHEREAS, the By-Laws of the Delaware River Joint Toll Bridge Commission, adopted at Regular Meeting in 1956 and amended in 1962, 1965, 1969 and 1970, among other things, require the holding of an ‘Annual Meeting’ in May of each year, at which time, the election of the Commission Members to the Office of Chairman, Vice Chairman and Secretary-Treasurer, may take place; and

“WHEREAS, the Delaware River Joint Toll Bridge Commission was convened on the 21st day of May 2007, and approved a postponement of the May 2007 election until the June 2007 meeting; and

“WHEREAS, the Delaware River Joint Toll Bridge Commission has convened on this 25th day of June 2007, in compliance with the By-Laws; and

“WHEREAS, the Commission’s By-Laws also provide that the ‘Nominating Committee’ of the Commission shall consist of all the Commissioners, except the Commissioner holding the Offices of Chairman and Vice Chairman; and

“WHEREAS, DAVID DEGEROLAMO, a Member of the Commission from the State of New Jersey, has been nominated for the Office of Chairman; and

“WHEREAS, ROBIN WIESSMANN, a Member of the Commission from the Commonwealth of Pennsylvania, has been nominated for the Office of Vice Chairman; and

“WHEREAS, WILLIAM HODAS, a Member of the Commission from the State of New Jersey has been nominated for the Office of Secretary-Treasurer;

--each to serve in such Office for the ensuing year; and

“WHEREAS, no further nominations for the said Offices were made, and motions authorizing closure of the said nominations were passed unanimously; and

“WHEREAS, the Commission Members, by the above-described actions have indicated their intent to unanimously elect DAVID DEGEROLAMO as Chairman; ROBIN WIESSMANN as Vice Chairman; and WILLIAM HODAS as Secretary-Treasurer;

“NOW THEREFORE, BE IT RESOLVED, by the Delaware River Joint Toll Bridge Commission at this ‘Annual Meeting’ assembled this 25th day of June 2007, that the Executive Director of the Commission, Frank G. McCartney, in his capacity as Secretary for this ‘Annual Meeting’ be, and he hereby is authorized and directed, on behalf of the Commission Members, to cast a unanimous ballot of (1) DAVID DEGEROLAMO, who will serve as Chairman; (2) ROBIN WIESSMANN, who will serve as Vice Chairman;
and (3) WILLIAM HODAS, who will serve as Secretary-Treasurer of the Delaware River Joint Toll Bridge Commission for the ensuing year, and the said DAVID DEGEROLAMO, ROBIN WIESSMANN, and WILLIAM HODAS will (effective immediately) assume all authorities, powers and duties vested respectively in the Offices of Chairman, Vice Chairman and Secretary-Treasurer, as set forth in (1) the By-Laws of the Commission; (2) the Minutes of previous Commission Meetings; and (3) the Trust Indenture.”
