JOB DESCRIPTION			
Summary: Monitors and operates the Delaware River Joint Toll Bridge Commission’s Electronic Security and Surveillance System, inclusive of all its features and components. From a console station, monitors Closed Circuit Television (CCTV) screens to observe and report activity, incidents, and conditions at various bridges and facilities owned or operated by the Delaware River Joint Toll Bridge Commission (DRJTBC).		MINIMUM EXPERIENCE AND ABILITIES: High school diploma or general education degree (GED) and two years of emergency services or military experience or six months of related experience and/or training. *Ability to work a steady shift, most likely 6:00pm – 6:00am.	
ROLE AND RESPONSIBILITIES			
- Works at a console monitoring station at either the DRJTBC Primary Control Center, or an alternate location. Monitors a large number of CCTV screens simultaneously to observe DRJTBC bridges and facilities. Utilizes a computer(s) to change or manipulate camera views to monitor multiple DRJTBC bridges and facilities, as required. Operates cameras capable of changing views (panning, tilting, and zooming) to investigate events that occur at DRJTBC bridges and facilities. Utilizes the Intelligent Video feature of the Electronic Surveillance System to investigate video alarms.			

- Monitors DRJTBC bridges and facilities to detect events that may affect the motoring public, DRJTBC employees, and critical infrastructure. Also monitors DRJTBC bridges and facilities to observe traffic flow, vehicle types, pedestrian activity, and any other apparent condition or suspicious behavior that has or may have an adverse effect on the safety and convenience of bridge patrons and the safety of the bridge itself. Assists with expediting vehicular and pedestrian traffic movement during emergencies by providing relevant information to supervisory personnel at the scene.
- Monitors the Access Control System at all DRJTBC facilities for unauthorized entry and system-generated alarms. Investigates and reports security alarm alerts to the proper authorities and deactivates alarms when appropriate. Operates the Access Control System to allow ingress and egress when necessary.
- Reports dangerous, suspicious or apparent unlawful activity to the appropriate Commission authorities and to law enforcement officials, according to applicable procedures. Communicates to supervisory staff any observation that can adversely affect the safety of the motoring public or bridge operations in accordance with applicable practices and procedures. Responds to requests from Commission authorities for specific surveillance assistance. Maintains a log of all surveillance observations. Recognizes, secures and archives computer records and images for future review and reference.
- Operates and clearly converses on the DRJTBC radio system. Utilizes the DRJTBC radio system to report and communicate events and occurrences detected on the Electronic Surveillance System and Access Control System to the proper Commission authorities and State Police agencies.
- Utilizes the Commission's notification system to advise and provide Commission employees with essential information concerning emergent events and business operations.
- Gathers pertinent information concerning Commission events, incidents, operations, storms, natural disasters, emergencies, etc. and issues reports to staff members.
- Works with both NJDOT and PennDOT to produce daily traffic operations reports that affect Commission bridges.
- Directly communicates via radio with various County 9-1-1 Centers along the river to coordinate emergency responses by police, fire, and rescue units to Commission bridges and various municipalities.
- Works with the National Weather Service and the United States Geological Survey to provide various hydrological river readings and ice damming reports to prepare for potential flood events.
- Possess basic knowledge of incident management and is capable of interacting and assisting the Commission and allied agencies with emergent events.
- Transitions the ESS Primary Control into an Emergency Operations Center for the Commission when required.

SUPERVISORY RESPONSIBILITIES

This job has no supervisory responsibilities.

QUALIFICATIONS
