

Attachment A – Vehicle Routes

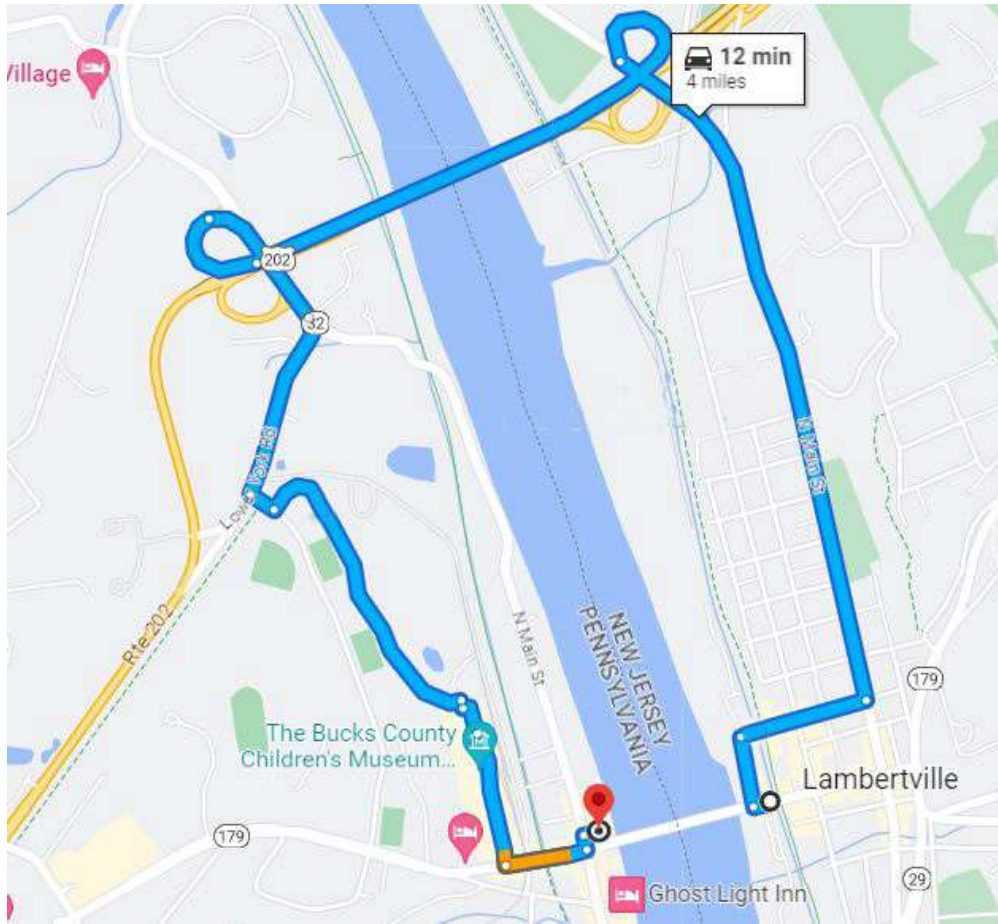

*Vehicle A East Bound Route:*

*The eastbound lane of the New Hope-Lambertville Toll-Supported Bridge will be closed during construction. All eastbound traffic will have to travel via Route 202.*

Attachment A – Vehicle Routes

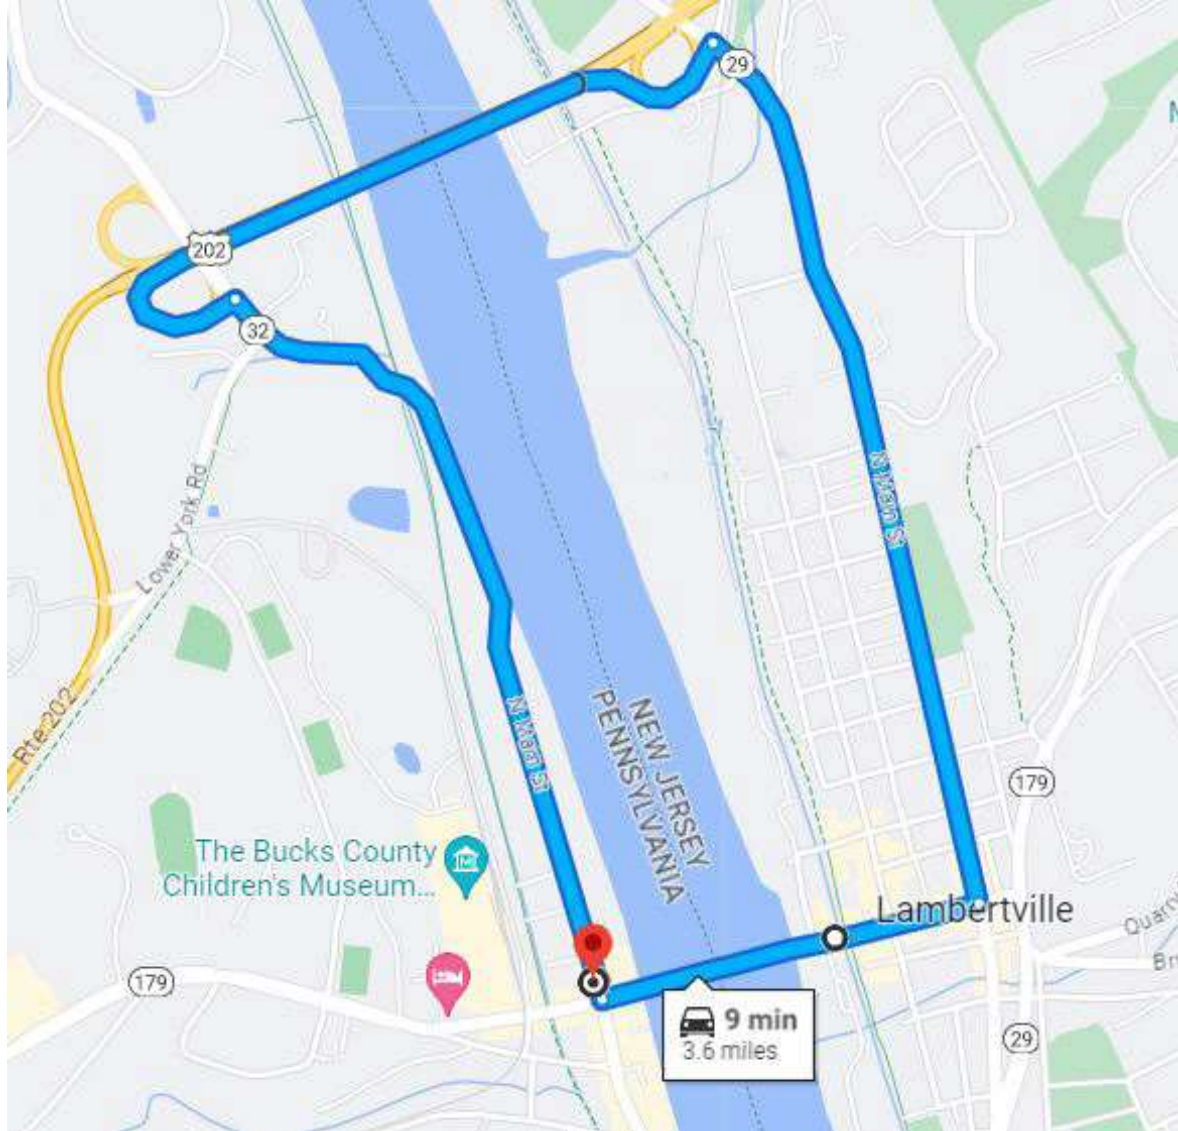

*Vehicle A Westbound Route:*

*Due to the weight of the ADA-compliant 12-14 passenger shuttle, utilization of the New Hope-Lambertville Toll-Supported Bridge will not be permitted. Therefore, the shuttle will have to travel via the New Hope-Lambertville/Route 202 Toll Bridge.*

Attachment A – Vehicle Routes

*Vehicle B (and Vehicle C: IF NEEDED) Round Trip Route:*

*Because the GVWR of the non-ADA passenger van is required to be under 4 tons, it will be permitted to utilize the New Hope-Lambertville Toll-Supported Bridge in the westbound direction. Route 202 will still need to be used for traveling eastbound as the eastbound lane of the New Hope-Lambertville Toll-Supported Bridge will be closed during construction.*
