

‘TRENTON MAKES THE WORLD TAKES’ SIGN POLICY

Community organizations may submit a request for temporary lighting schemes of the “Trenton Makes The World Takes” sign lighting. The Commission expects to receive requests from many deserving organizations and regrets that we cannot accommodate all of them. We will confirm, at least two weeks in advance, if we are able to accommodate your request. The confirmation will include any edits, if necessary, and the date(s) the color/animation will run.

Please review all requirements and guidelines prior to submitting your request.

Requirements

- Submit your requests a minimum of 30 days in advance of the requested dates.
- Please provide several dates, or a range of dates you would like the color alteration to appear. Color requests from community partners typically run two to three consecutive nights; however, final date (or date range) selection is based upon availability and solely at the Commission’s discretion.
- Utilize the Temporary Lighting Adjustment Request Form from this website.
- Submit the form either electronically following the directions on this webpage, via email to communityaffaris@drjtbc.org or thru the US mail, to:
Delaware River Joint Toll Bridge Commission
Attn. Community Affairs
1199 Woodside Road
Yardley, PA 19067
- If possible, please provide the RGB or CMYK values for your requested lighting color.
