WELCOMING REMARKS OF CHAIRMAN

Chairman DeGerolamo welcomed those persons whose identities are set forth hereinabove under "Appearances".

INTRODUCE ANY COMMENTS FROM THE PUBLIC

Chairman DeGerolamo addressed the meeting and invited any comments from the Public or Press on items pertaining to today's Agenda.

Meeting of April 28, 2008

EXECUTIVE DIRECTORS REPORT

This past weekend, Lambertville hosted its 27th Shad Fest – one of the Delaware River region's major cultural events. The festival is held annually to highlight the significant environmental improvements that have occurred along the river over the past 40 years.

As has been the case with previous Shad Fests, the Commission assisted in the effort. For example, our maintenance crews hung the roadside banners you may have seen driving into town today. This is just one of the many ways the Commission regularly lends a helping hand to the 32 riverfront communities that host our 20 bridge facilities. As the Shad Fest attests, we don't preach about partnering with our host municipalities – we practice it.

Today's meeting agenda contains a major presentation - our annual audit.

The audit report packs some very good news. It finds the Commission's finances to be in good standing without any qualifications. In academic parlance, that's an "A" grade. A few elements of this report warrant comment. First, the audit shows the Commission continues to do an exemplary job of holding down operating expenses. Our operating costs rose by only 3.7 percent between 2006 and 2007. That's less than the U.S. inflation rate. We even managed to keep downward pressure on costs despite higher gasoline prices and utility rates.

Second, the audit shows more than 60 percent of our toll revenues came from E-ZPass last year. This is a significant milestone. Since 2003, our E-ZPass collections have risen 41 percent. Nationally, there now are more than 24 million electronic toll-collection transponders in use. All signs point to a continuing trend of rising E-ZPass use.

The final point I wish to make concerns some of the big multi-million dollar amounts in the audit. Someone making a cursory examination of this report might make a rash assessment that we are sitting on roughly \$400 million in excess revenues. This would be a grossly incorrect observation. While we have a large amount of cash on hand, it is substantially earmarked for capital projects, for "pay-as-you-go" repairs and upgrades, and for the reserve fund that helps us maintain our good bond rating. This money is paying for – among other things – the Trenton-Morrisville Toll Bridge rehabilitation project, the introduction of open-road tolling on I-78, the rehabilitation of the I-78 roadway in New Jersey, the Milford-Montague Toll Bridge rehabilitation project, the engineering and design work for the Scudder Falls Bridge Improvement Project, and the installation of the Commission's Electronic Surveillance and Detection System. When all is accounted for, the Commission will continue to adhere closely to its targeted \$80 million general reserve fund balance.

This financially conservative practice is the reason why the Commission receives favorable ratings from Standard and Poor's and Moody's Investors Services. As Standard & Poor's attested, our finances are "sound." This money-management approach is what allows us to carry through on our \$950 million capital improvement plan. It's what allows us to provide grant assistance to riverside communities so they can pursue transportation improvements without

Meeting of April 28, 2008

raising local taxes. It's what allows us to make repairs to bridges – like the New Hope-Lambertville Bridge outside the window here – when they sustain damage from river flooding. It's what enables us to improve our Commission radio system and our computer network – an item on today's agenda – so our employees can better communicate and respond to emergencies. It's what enables us to give Commission employees competitive salaries, quality health benefits, secure pensions and safe working conditions regardless of national economic trends. It's what enables us to even entertain thoughts of providing bicycle access in the ongoing planning work for a new, expanded Scudder Falls bridge. It's what enables us to help a community like Lambertville when it holds a major festival like its annual Shad Fest.

It's what allows us to be true to our motto: "Preserving Our Past, Enhancing Our Future."

APPROVAL OF MINUTES FOR COMMISSION SPECIAL MEETING HELD FEBRUARY 27, 2008

R: 1538-04-08 - ADM-01-04-08

Chairman DeGerolamo addressed the meeting and invited the introduction of a Resolution approving the Minutes of the Commission Special Meeting held February 27, 2008.

At the conclusion of the review, Commissioner Fowler and Commissioner Hart seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission at it's Regular Meeting assembled this 28th day of April, 2008, that the Minutes of the Special Commission Meeting held on February 27, 2008, be and the same hereby are approved."

Chairman DeGerolamo invited questions on the Resolution. No further questions were presented and the Resolution was unanimously adopted.

APPROVAL OF MINUTES FOR COMMISSION SPECIAL MEETING HELD MARCH 3, 2008

R: 1539-04-08 - ADM-02-04-08

Chairman DeGerolamo addressed the meeting and invited the introduction of a Resolution approving the Minutes of the Commission Meeting held March 3, 2008.

At the conclusion of the review, Commissioner Fowler and Commissioner Hart seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission at it's Regular Meeting assembled this 28th day of April, 2008, that the Minutes of the Special Commission Meeting held on March 3, 2008, be and the same hereby are approved."

Meeting of April 28, 2008

Chairman DeGerolamo invited questions on the Resolution. No further questions were presented and the Resolution was unanimously adopted.

APPROVAL OF MINUTES FOR COMMISSION REGULAR MEETING HELD MARCH 31, 2008

R: 1540-04-08 - ADM-03-04-08

Chairman DeGerolamo addressed the meeting and invited the introduction of a Resolution approving the Minutes of the Commission Meeting held March 31, 2008.

At the conclusion of the review, Commissioner Fowler and Commissioner Hart seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission at it's Regular Meeting assembled this 28th day of April, 2008, that the Minutes of the Regular Commission Meeting held on March 31, 2008, be and the same hereby are approved."

Chairman DeGerolamo invited questions on the Resolution. No further questions were presented and the Resolution was unanimously adopted.

OPERATIONS REPORT-MONTH OF MARCH 2008

R: 1541-03-08 - ADM-04-04-08

Chairman DeGerolamo addressed the meeting and asked if there were any questions on any of the reports contained in the "Operations Report".

At the conclusion of the review, Commissioner Hodas moved and Commissioner Fowler seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission, at it's Regular Meeting assembled this 28th day of April that the Commission, via this Resolution, acknowledges receipt, understanding and authorizes filing of the report entitled, 'Operations Report, Month of March 2008, as set forth in the Supplement to the Minutes of this Meeting."

Chairman DeGerolamo invited questions on the Resolution. No questions were presented and the Resolution was unanimously adopted.

APPROVAL OF UPGRADE OF THE IT NETWORK

R: 1542-04-08 - IT-01-04-08

Chairman DeGerolamo addressed the Meeting and asked the Commission Members if, after their review, there were any questions.

Meeting of April 28, 2008

At the conclusion of the review, Commissioner Hart moved and Commissioner Fowler seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission, at its Regular Meeting assembled this 28th day of April 2008, that the Commission, via this Resolution, adopts the integration upgrade of the IT network at 7 Commission Admin locations in the amount of \$154,000; and

"FURTHER RESOLVED identifies the General Reserve Fund as the source of funds required for any and all disbursements."

Chairman DeGerolamo invited questions on the Resolution. No questions were presented and the Resolution was unanimously adopted.

APPROVAL OF THE 2007 AUDIT REPORT

R: 1543-04-08 - FIN-01-04-08

Chairman DeGerolamo addressed the Meeting and asked the Commission Members if, after their review, there were any questions.

Vice Chairman Alfano addressed the meeting and said:

"If I could make a statement for the public, we went into executive session with the auditors, which means that just the Commissioners were present with the auditors, and we were free to ask the auditors any questions that we chose about the staff and Commission's finances. Speaking in behalf of all the Commission Members, I believe we were all very pleased with the results of that discussion."

At the conclusion of the review Commissioner Fowler moved and Commissioner Sumners seconded the adoption of the following Resolution:

"RESOLVED; by the Delaware River Joint Toll Bridge Commission, at its Regular Meeting assembled this 28th day of April 2008, that the Commission via this Resolution, receipt and file the 2007 audited financial statement and Management letter."

Chairman DeGerolamo invited questions on the Resolution. No questions were presented, and the Resolution was adopted.

2008 RETAINER AGREEMENT-MEAS

R: 1544-04-08 - HR-01-04-08

Chairman DeGerolamo addressed the Meeting and asked the Commission Members if, after their review, there were any questions.

Meeting of April 28, 2008

At the conclusion of the review Commissioner Fowler moved and Commissioner Hodas seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission, at its Regular Meeting assembled this 28th day of April 2008, that the Commission, via this Resolution, approve the Retainer agreement with Metro Employee Assistance Service (MEAS) to administer the Employee Assistance Program for calendar year 2008 at an annual cost of \$13,500.00; and

"FURTHER RESOLVED, that the Executive Director is hereby authorized to approve and execute this contract on behalf of the DRJTBC."

Chairman DeGerolamo invited questions on the Resolution. No questions were presented, and the Resolution was unanimously adopted.

OUT-OF-CLASS PAY FOR RICHARD MCCLELLAN, TO ACTING DIRECTOR OF COMMUNITY AFFAIRS

R: 1545-03-08 - HR-02-04-08

Chairman DeGerolamo addressed the Meeting and asked the Commission Members if, after their review, there were any questions.

At the conclusion of the review Commissioner Hart moved and Commissioner Hodas seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission, at its Regular Meeting assembled this 28th day of April 2008 that the Commission, via this Resolution, authorizes the Executive Director to affect the assignment of out-of-class pay for Assistant Director of Community Affairs Richard McClellan to perform as Acting Director of Community Affairs at a rate of compensation \$96,370 effective at the start of the first pay."

Chairman DeGerolamo invited questions on the Resolution, No questions were presented, and the Resolution was unanimously adopted.

ELECTRONIC SURVEILLANCE/DETECTION SYSTEM PROGRAM MANAGER

R: 1546-04-08 - ENG-01-04-08

Chairman DeGerolamo addressed the Meeting and asked the Commission Members if, after their review, there were any questions.

At the conclusion of the review Commissioner Fowler moved and Commissioner Alfano seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission, at its Regular Meeting assembled this 28th day of April 2008 that the Commission, via this Resolution, authorizes the

Meeting of April 28, 2008

Executive Director to execute Contract Modification No. 3 to Contract C-396A; Electronic Surveillance/Detection System Program Manager by an amount of \$370,261.51, and to increase the not-to-exceed amount of said contract from \$1,913,178.09 to \$2,283,439.60, a 16% increase; and

"RESOLVED, Identify the General Reserve Fund as the source of funds required for payment of any invoices; and

"FURTHER RESOLVED, The Executive Director is hereby authorized to approve and execute all necessary contracts on behalf of the DRJTBC."

Chairman DeGerolamo invited questions on the Resolution, No questions were presented, and the Resolution was unanimously adopted.

NOISE WALLS ON 1-95 SCUDDER FALLS IMPROVEMENT-TABLED

R: 1547-04-08 - ADM-05-04-08

Chairman DeGerolamo addressed the meeting and asked the Commission Members if, after their review, there were any questions.

At this point in the meeting residents of Lower Makefiled addressed the meeting to comment of the Noise Wall Issues.

After a lengthy discussion, Chairman DeGerolamo addressed the meeting and requested a Resolution Tabling this items for further review and discussion.

At the conclusion of the review Commissioner Alfano moved and Commissioner Heller seconded the adoption of the following Resolution:

"RESOLVED, by the Delaware River Joint Toll Bridge Commission, at its Regular Meeting assembled this 28th day of April 2008 that the Commission, via this Resolution, tables item ADM-05-04-05 Noise Walls on I-95 Scudder Falls Improvement, until further review."

Chairman DeGerolamo invited questions on the Resolution, No questions were presented, and the Resolution was unanimously adopted.

APPROVAL FOR PAYMENT OF INVOICES NW FINANCIAL GROUP LLC

R: 1548-04-08 - ACCT-01-04-08

Chairman DeGerolamo addressed the meeting and asked the Commission Members if, after their review, there were any questions.

Meeting of April 28, 2008

At the conclusion of the review Commissioner Hart and Commissioner Alfano seconded the adoption of the following Resolution:

"RESOLVED, By The Delaware River Joint Toll Bridge Commission, at it's Regular Meeting assembled this 28th day of April 2008, that the Commission, via this Resolution, authorizes approval for payment of invoice dated February 29, 2008 in the total amount of \$7,415.00 to NW Financial Group, LLC; and

"FURTHER RESOLVED, identifying the Operating Fund as the source of funds required for any and all disbursements."

Chairman DeGerolamo invited questions on the Resolution, but no questions were presented. The Resolution was unanimously adopted.

APPROVAL FOR PAYMENT OF INVOICES FLORIO, PERRUCCI, STEINHARDT AND FADER

R: 1549-04-08 - ACCT-02-04-08

Chairman DeGerolamo addressed the meeting and asked the Commission Members if, after their review, there were any questions.

At the conclusion of the review Commissioner Hart moved and Commissioner Alfano seconded the adoption of the following Resolution:

"RESOLVED, By The Delaware River Joint Toll Bridge Commission, at it's Regular Meeting assembled this 28th day of April 2008, that the Commission, via this Resolution, authorizes approval for payment of invoice #15609, #15577, #14096, and #13928 dated April 3, 2008, April 2, 2008, February 4, 2008 and January 7, 2008 in the total amount due of \$25,289.60 for Capital and Non Capital Improvements to Florio, Perrucci, Steinhardt and Fader, NJ Legal Counsel; and

"FURTHER RESOLVED, identifying the Appropriate Funds as shown on the invoice distribution sheet as the source required for any and all disbursements."

Chairman DeGerolamo invited questions on the Resolution, but no questions were presented. The Resolution was unanimously adopted.

APPROVAL FOR PAYMENT OF INVOICES FOX ROTHSCHILD, PENNSYLVANIA LEGAL COUNSEL

R: 1550-04-08 - ACCT-03-04-08

Chairman DeGerolamo addressed the meeting and asked the Commission Members if, after their review, there were any questions.

Meeting of April 28, 2008

At the conclusion of the review Commissioner Hart and Commissioner Alfano seconded the adoption of the following Resolution:

"RESOLVED, By The Delaware River Joint Toll Bridge Commission, at it's Regular Meeting assembled this 28th day of April 2008, that the Commission, via this Resolution, authorizes approval for payment of invoice numbers #1011696, #1011706, #1011705, #1011701, #1011702, #1011703, (Capital Improvements) #1012673, #1011693, #1011698, #1011700, #1011699, #1001704, #1011707, #1011709, #1011724, #1011727, #1011688, #1011687, and #1011708 dated March 8, 2008 and March 11, 2008 in the total amount due of \$45,981.53 for Capital and Non Capital Improvements to Fox Rothschild PA Legal Counsel; and

"FURTHER RESOLVED, identifying the Appropriate Funds as shown on the invoice distribution sheet as the source required for any and all disbursements."

Chairman DeGerolamo invited questions on the Resolution, but no questions were presented. The Resolution was unanimously adopted.

APPROVAL FOR PAYMENT OF INVOICE WOLFF & SAMSON

R: 1551-04-08 - ACCT-04-04-08

Chairman DeGerolamo addressed the meeting and asked the Commission Members if, after their review, there were any questions.

At the conclusion of the review Commissioner Hart moved and Commissioner Alfano seconded the adoption of the following Resolution:

"RESOLVED, By The Delaware River Joint Toll Bridge Commission, at it's Regular Meeting Assembled this 28th day of April 2008, that the Commission, via this Resolution, authorizes approval for payment of invoices dated April 15, 2008 in the amount of \$7,792.21 to Wolff and Samson, New Jersey Labor Counsel; and

"FURTHER RESOLVED, identifying the Operating Fund as the source of funds required for any and all disbursements."

Chairman DeGerolamo invited questions on the Resolution, but no questions were presented. The Resolution was unanimously adopted.

Meeting of April 28, 2008

APPROVAL FOR PAYMENT OF INVOICE STRADLEY RONON

R: 1552-04-08 - ACCT-05-04-08

Chairman DeGerolamo addressed the meeting and asked the Commission Members if, after their review, there were any questions.

At the conclusion of the review Commissioner Prevoznik moved and Commissioner Fowler seconded the adoption of the following Resolution:

"RESOLVED, By The Delaware River Joint Toll Bridge Commission, at it's Regular Meeting Assembled this 28th day of April 2008, that the Commission, via this Resolution, authorizes approval for payment of invoice dated April 24, 2008 in the total amount of \$5,000.00 for Professional Services Rendered for period February 2008 through March 31, 2008 to Stradley Ronon, Labor Counsel.

"FURTHER RESOLVED, identifying the Appropriate Funds as shown on the invoice distribution sheet as the source required for any and all disbursements."

INTRODUCE ANY COMMENTS FROM THE PUBLIC

Chairman DeGerolamo addressed the meeting and invited any comments from the Public or Press.

At this point supporters of the Bicycle coalition addressed the meeting to discuss the issues regarding the pedestrian and bicycle paths on our Bridges.

SCHEDULING OF THE MAY 2008 MEETING

Chairman DeGerolamo addressed the Meeting and stated that the Commission's next meeting will be held May 19, 2008.

The Meeting will be called to Order at 10:30 a.m. at The Inn at Lambertville Station in the Riverside Room located at 11 Bridge Street, Lambertville, NJ 08530.

Executive Director McCartney assured the Commission Members that an "Official Notice of Meeting" would be forwarded to each and every Member of the Commission.

ADJOURNMENT

Chairman DeGerolamo invited a motion for Adjournment.

Commissioner Alfano then moved that the Meeting be adjourned and Commissioner Hart seconded the motion. The voice vote was unanimously affirmative and the Meeting was adjourned at 11:36 p.m., Monday, April 28, 2008.

Meeting of April 28, 2008

STATISTICS OF TOLL TRAFFIC AND REVENUE MONTH AND YEAR-TO-DATE PERIOD ENDING MARCH 31, 2008 COMPARED WITH MONTH AND YEAR-TO-DATE PERIOD ENDING MARCH 31, 2007

The following provides a comparison of toll direction traffic volumes for the month and year-to-date periods ending March 31, 2008, as compared with the month and year-to-date periods ending March 31, 2007.

Traffic Volume Comparisons - March 2008 versus March 2007

In the month of March, total vehicular toll traffic for the Commission's seven (7) toll bridges decreased by 9,800 vehicles or 0.3%, as compared to March 2007. Total recorded westbound traffic volume at the 11 vehicular toll supported bridges increased by 13,900 vehicles or 0.5% as compared to the previous year.

In District I, toll traffic at Trenton-Morrisville (TM) for March 2008 decreased by 26,600 cars and decreased by 1,800 trucks as compared to March 2007, resulting in a 4.9% decrease in total toll traffic. It is noted that roadway construction work for the Trenton – Morrisville Toll Bridge Rehabilitation and One Auxiliary Northbound Lane (T-380B) began in January 2007. At New Hope-Lambertville (NHL), a decrease of 18,700 cars combined with a decrease of 700 trucks generated an overall decrease in total toll traffic of 11.3% for March 2008 as compared to March 2007. Beginning on November 16, 2007, the outer (right) lanes in each direction of the New Hope – Lambertville Toll Bridge were closed pending the completion of repair work.

In District II, a 21,400 increase in cars combined with a decrease of 8,200 trucks resulted in a 1.7% increase in total toll traffic at I-78 for the month of March 2008 as compared to March 2007. The Easton-Phillipsburg (EP) Toll Bridge experienced an increase in traffic volume. An increase of 34,900 passenger vehicles and an increase of 200 trucks generated an overall increase of 6.8% in total toll traffic for March 2008.

In District III, total toll traffic at Portland-Columbia (PC) reflected a decrease of 10.0% for the month of March 2008 as a result of a decrease of 11,200 automobiles and a decrease of 300 trucks. At the Delaware Water Gap (DWG) Toll Bridge, an increase of 13,100 passenger vehicles combined with a decrease of 10,700 trucks generated a 0.3% increase in total toll traffic for the month as compared to March 2007. Milford-Montague (MM) experienced a decrease of approximately 1,200 passenger vehicles and a decrease of 100 trucks, resulting overall in a 1.3% decrease in toll traffic for the month.

E-Z Pass Penetration Rates

The following table provides a summary of E-Z Pass penetration rates experienced at the Commission's seven (7) toll bridges during March 2008, March 2007, 2008 year-to-date (YTD), and 2007 year-to-date. E-Z Pass penetration rates for all of the Commission's toll bridges was 57.2% for the month of March 2008 and is 58.2% 2008 year-to-date. Overall E-Z Pass penetration rates increased by 1.2% in March 2008 as compared March 2007; including an increase of 1.0% in autos and an increase of 2.8% in trucks.

^{*} Discounts represents rebates for commuter discounts earned when a customer crosses the Commission's bridges 20 times in a 35 day period as well as discounts for employee's and commission vehicle's non-revenue crossings.

Notes: Significant construction at the Trenton-Morrisville Toll Bridge is causing moderate diversion to the local toll-supported bridges.

Meeting of April 28, 2008

STATISTICAL SUMMARY OF EXPENDITURES

This includes reports entitled "Budget vs Actual" covering the month of March 2008 and the three month year-to-date operations of fiscal year 2008 relative to Toll Bridges, Toll Supported Bridges and Administration departments.

Total expense plus encumbrance totaled \$3,458,740 for the month of March. For the fiscal year-to-date 2008, total expense plus encumbrances amounted to \$11,785,770 or 92.9% of the year-to-date operating budget. The positive variance between the operating budget and actual expenses is due to normal operating activity.

Several line items are currently running ahead of budget on a year-to-date basis. Unemployment Compensation is currently over its year-to-date budget and will likely exceed the annual budget before year end. Temporary Salaries are currently running ahead of their year-to-date budget but this overage is more than offset by the surplus in the Overtime budget. Commission Expense is running ahead of budget due to the cost associated with the temporary move of the commission and committee meeting caused by the construction at the New Hope Facility.

During the month of March, there was a \$50,000 General Contingency expense for the payment of a grant to the Greater Easton Development Partnership for the *Block - Block Ambassador Program*, which was authorized at the February 25, 2008 commission meeting.

Meeting of April 28, 2008

MONTHLY PURCHASING REPORT

March 2008

This report itemizes all orders for purchases made for the month of March 2008, showing the divisions chargeable for the expensed and the source of authority for issuance of the purchase order. This authority is broken into three categories:

- By authority of the Commission.
- (2) By authority of the Executive Director or his designate.
- (3) By authority of the Superintendent.

The purchasing activities for the month culminated in the preparation and placement of 76 purchase orders. To secure competitive prices on items being purchased, 83 price inquiries were sent out on 41 groups of inquiries during the month, or an average of 2.2 inquiries for each item or group of items.

In addition to the practices employed incidental to purchase of materials, etc., from vendors on a direct basis, the Commission also purchases via direct utilization of the purchasing processes of the State of New Jersey, and the Commonwealth of Pennsylvania.

DELAWARE RIVER JOINT TOLL BRIDGE COMMISSION Meeting of April 28, 2008

COMMUNICATIONS REPORT Month of March 2008

EXTERNAL COMMUNICATIONS

COMMISSION AWARENESS EFFORTS:

Web Site Updating: As initiated by the Executive Director, the Communications Department began updating various text entries on the Commission's external Web site. This has included changes to various Commissioners' biographies, a new welcome message, a reactivation of the traffic alerts system, and a variety of other content revisions. Other departments are assisting in this effort. (The content changes complement the 2007 Web site design. The work will continue until the site is thoroughly updated.)

Compact Authorized Investments: The Communications Department assisted in the successful March 13 groundbreaking ceremony for the Washington Crossing Gateway Project in Upper Makefield. The Department continues to field inquiries on other CAI projects.

MEDIA RELATIONS:

Hot Topics: Milford-Montague rehabilitation work, lane closures and temporary walkway shutdown; New Hope-Lambertville load testing; Easton Riverwalk project; Belvidere CAI grant extension; Phillipsburg Union Square project; initiation of E-ZPass QuickStart program at Oxford Valley Mall in Bucks County, Pa.; coverage of Washington Gateway Crossing groundbreaking; appointment of Arnold J. Conoline, Jr. as Chief Administrative Officer; and Stockton's Bridge Street makeover.

CAPITAL IMPROVEMENT PROGRAM ACTIVITIES:

Milford-Montague Toll Bridge Rehabilitation: The Communications
Department took part in a series of outreach efforts – mostly letters – to
apprise bicyclists and hikers of the temporary suspension of public access
to the bridge's walkway during this year's construction/rehabilitation.
Communications and Community Affairs continue to engage in
discussions with reporters and local residents on safety issues underlying
the Commission's decision to prohibit bicycle traffic on the bridge during
construction.

Trenton-Morrisville (Route 1) Toll Bridge Project The

Communications Department guided issuance of a March 31 press release announcing project's transition from Stage 1 to Stage 2, highlighting lane changes and Stage 1's positive outcomes (on budget and on time).

DELAWARE RIVER JOINT TOLL BRIDGE COMMISSION Meeting of April 28, 2008

COMMUNICATIONS REPORT

Month of March 2008

- COMMUNITY AFFAIRS: (Please refer to Community Affairs Report)
- E-ZPASS ACTIVITIES: (Please refer to E-ZPass Report)

A press release was prepared and distributed to promote the availability of the E-ZPass Quickstart program at the Crossings Premium Outlets in Tannersville, Pa.

INTERNAL COMMUNICATIONS

- The Communications Department assisted with the preparation and distribution of a memo to initiate the updating of the Commission's external Web site.
- Efforts were undertaken to reinitiate the Commission's employee newsletter. A
 meeting was held among the various contributing employees on March 25 at the
 Phillipsburg administration building. An April 15 copy deadline was invoked and
 a target May 1 publishing date was set. A calendar for future internal newsletter
 meetings and publishing dates is to be established.
- Communications Department held meeting with CAI Director Julio Guridy to ascertain status update on all projects and to identify projects worthy of potential future ground-breaking or ribbon-cutting events.
- Communications Department held meeting with Bellevue Communications in Philadelphia to clarify protocols for press releases/other external communications and to establish status update on various endeavors.
- Assisted Engineering and Community Affairs on a variety of external communications regarding Commission projects.
- Attended meetings on ESS camera-installation project, M-MTB rehabilitation project and T-MTB (Route1) project.

Community Affairs	Community Affairs Report For the Month of March	1.

Meeting of April 28, 2008

COMMUNITY AFFAIRS REPORT MONTH OF MARCH 2008

The following activities under the general heading of community relations/governmental affairs were recently initiated accomplished or performed:

- Community Affairs staff coordinated a briefing meeting with Morrisville Borough elected officials and staff in connection with the shift from phase one to phase two of construction on the Trenton Morrisville Toll Bridge rehabilitation project (T-380B). Changes in Morrisville traffic patterns were presented and community concerns were discussed and addressed. Staff also conducted follow-on activities generated by the meeting.
- In conjunction with the same project, staff participated in a series of progress meetings for the T-380B Trenton Morrisville Toll Bridge Rehab as well as a field briefing on the traffic signal location on Pennsylvania Avenue for Morrisville Borough staff.
- Staff took delivery on a proposed final draft report under Public Involvement Guidelines Task Order Agreement C-449B-5 to provide guidelines on public involvement for capital projects that is being prepared for presentation to the Commission. This draft will be reviewed by Commission staff to make final edits for the final deliverable on the project
- Community Affairs staff participated in ongoing progress meetings for T424A I-78 roadway resurfacing as well as for the Milford Montague Toll Bridge rehabilitation project and the Scudders falls Bridge replacement project.
- Staff prepared contact lists of bicycle and hiking groups in the tri-state area to facilitate information dissemination regarding bicycle and pedestrian restrictions associated with the closing of the pedestrian walkway on the Milford Montague Toll Bridge while construction is underway.
- Staff assumed lead status led a meeting between National Park Officials and the Commission to improve communications and identify issues of mutual interest with the goal of facilitating the smooth execution of the MM-TB rehabilitation project.
- Staff met or communicated with several individuals concerned with the prohibition of bicycle and pedestrian access at MM-TB to obtain their suggestions on how to serve the needs of bicyclists during the rehabilitation period. Those suggestions were incorporated in a memo and distributed for discussion and further action.

Policy and Planning	Policy and Planning Report Month of March 2008	1 - 3

Meeting of April 28, 2008

March 2008

POLICY AND PLANNING REPORT

During the month of March, 2008 the Director of Policy and Planning participated in a number of communications and meetings that explored the following:

The Director met with Nick J. Sciullo, Pennsylvania and Virginia Director for Growth Options for the 21st Century (Go21). Go21 is a national, nonprofit, public interest organization dedicated to promoting freight rail transportation as an alternative to continued reliance on an overcrowded highway system.

The Greater Lehigh Valley Chamber of Commerce Transportation Committee and the Lehigh Valley Economic Development Corporation Transportation Committee held a joint meeting which was highlighted by two presentations. Growth Options for the 21st Century (Go21) and Consumers United for Rail Equity (CURE), a non-profit organization whose mission is to advocate improved rail policy for rail customers and the nation, discussed two bills that are pending in the United States House of Representatives and the United States Senate to address the lack of competition in the rail industry.

The Director Attended two Delaware River Joint Toll Bridge Commission's I-78 Roadway Rehabilitation Progress and Schedule Update Meetings.

The Greater Pocono Chamber of Commerce Government Affairs Committee discussed the process to create a Monroe County Health Department

The Director met with Monroe County Commissioners Suzanne F. McCool (D), Chairperson and Theresa Merli (D), Vice-Chairperson.

The Delaware Valley Regional Planning Commission's Planning Coordinating Committee and Regional Transportation Committee viewed and heard the following presentations: 1980-2005 Travel Trends in the Philadelphia Central Business District; 2000 & 2005 Motorized and Non-Motorized Trip Generation; Bicycling in the Delaware Valley in 2005: Use, Safety and Demographics; and Transportation Systems Management and Operations for I-95 from the Delaware State Line to the Philadelphia Airport.

The Pike County Road Task Force received updates from PennDOT District 4 concerning county-wide projects. Michael Mrozinski, Pike County's Assistant Planning Director, discussed his correspondence with the Delaware River Joint Toll Bridge Commission concerning our Milford-Montague Toll Bridge Rehabilitation Project.

Meeting of April 28, 2008

March 2008

The Director met with Steve Schmitt, Executive Director Lehigh / Northampton Counties Coalition for Appropriate Transportation, the discussion included our Milford-Montague Toll Bridge Rehabilitation Project and our I-95 / Scudder Falls Toll Supported Bridge Project.

The Warren County Regional Chamber of Commerce Economic Development / Transportation Council were given an update by the Director concerning our I-78 Roadway Rehabilitation Project, our I-78 Open Road Tolling Project, and our four Warren County Compact Authorized Investment Projects (Belvidere, Knowlton Township, Phillipsburg, and Pohatcong Township).

The New Jersey Business and Industry Association "Meet the Decision Makers: Transportation Forum" featured: Kris Kolluri, Commissioner of the New Jersey Department of Transportation, and Chairman of New Jersey Transit, the New Jersey Turnpike Authority, and the South Jersey Transportation Authority; John Wisniewski, Deputy Speaker of the New Jersey General Assembly and Chairman of the General Assembly's Transportation and Public Works Committees; and Susan Bass Levin, First Deputy Executive Director of the Port Authority of New York and New Jersey. The panel discussed transportation projects and funding issues facing New Jersey's residents.

The Delaware Valley Regional Planning Commission's (DVRPC) Board and Executive Committee's Meetings viewed and heard the following presentations: Joseph M. Casey, Southeastern Pennsylvania Transportation Authority (SEPTA) General Manager, presented SEPTA's regional public transportation trends and initiatives including a discussion of growing ridership, acquisition of new vehicles, expanded/enlarged service initiatives, and improvements to customer service. Kate Quinn, Team Leader for the Federal Highway Administration's Office of Freight Management and Operations presented a snapshot of the volume and values of freight flows in the United States. The DVRPC's Staff presented an overview of their Transportation Community Development Initiative 2008 Program which was initiated in 2002 to give planning grants to eligible communities in the region.

The Lehigh Valley Transportation Study Technical Committee viewed and heard a presentation by PennDOT District 5 dealing with recommendations for the 2009-2012 Draft TIP.

Electronic Security and Surveillance	Status Report for the Month of March 2008	1-3	

Meeting of April 28, 2008

ELECTRONIC SECURITY AND SURVEILLANCE REPORT MONTH OF MARCH 2008

The below-listed items represent meetings, communications, tasks, and projects involving Electronic Security and Surveillance:

- On March 3, 2008, attended an internal ESS status meeting with Engineering.
- On March 4, 2008, met with representatives of the New Jersey State Police to test
 the radio coverage along Route 29 between Stockton and Frenchtown. Also
 explored the possibility of installing a repeater at Lumberville for the State Police
 radio system. Later this date, met with JEK at MEC, Frenchtown, N.J., to review
 video surveys for Calhoun Street, Washington Crossing, New Hope-Lambertville
 Toll Supported Bridge, Centre Bridge-Stockton, and Portland-Columbia.
- On March 5, 2008, met with JEK at MEC, Frenchtown, N.J., to discuss ESS and Access Control items.
- On March 6, 2008, met with JEK at MEC, Frenchtown, N.J., to review the various building and interior cameras. Also re-visited the Centre Bridge-Stockton site to reassess the location of the canal overpass camera.
- On March 7, 2008, chaired a meeting of the Radio Committee to discuss new call identifiers and radio procedures. Representatives from Security, Safety, and Training, along with Districts I, II and III were in attendance.
- On March 10, 2008, attended a meeting with Engineering concerning Homeland Security and Preparedness Lifelines and Resources. This topic pertains to the assessment of damages and reconstruction of infrastructure during tragic events. Also attended a meeting with representatives from the N.J. Office of Homeland Security and Preparedness concerning training, planning, radios, and response to a catastrophic event. In attendance were Mr. Tolotta, Mr. Stettner, Deputy Director Joseph Picciano, NJ OHSP, and Harold Neil, NJ OHSP.

Furthermore, on this date, attended a meeting with Marcial Mojena, Motorola, and the Purchasing Department regarding the procurement of new radios for the DRJTBC's proposed radio system.

 On March 11, 2008, prepared a list of questions pertaining to the analytic capabilities of the ESS cameras. This list was in preparation for a meeting to be held on March 14, 2008, at MEC, Frenchtown, N.J.

Meeting of April 28, 2008

ELECTRONIC SECURITY AND SURVEILLANCE REPORT MONTH OF MARCH 2008

- On March 12, 2008, presented to Mr. McCartney a program outlining the proposed new radio system and Access Control System.
- On March 13, attended an ESS project status meeting at MEC, Frenchtown, N.J.
- On March 14, 2008, attended a meeting with Mate Analytics at MEC,
 Frenchtown, N.J., regarding the analytical capabilities of the ESS cameras.
- On March 17, 2008, attended the DRJTBC Staff Meeting at Trenton-Morrisville and reported on the status of the ESS system to date.
- On March 18, 2008, attended the Operations/Superintendent's Meeting held at the
 Easton-Phillipsburg facility and made a presentation regarding the status of the
 ESS system, camera analytics, and the proposed new radio system. Thereafter,
 traveled to Belfast Pennsylvania State Police Barracks to review the
 interoperability of the New Jersey State Police radio system installed at that
 location to ensure communications with the New Jersey State Police and the
 DRJTBC.
- On March 19, 2008, attended a presentation by MEC at their Frenchtown office concerning the ESS system, constructability, and aesthetics. After the meeting a design review of the ESS cameras was conducted with JEK for the following bridges: Scudder Falls, Delaware Water Gap, New Hope-Lambertville Toll, and Riverton-Belvidere.
- During the month of March a presentation was prepared concerning our proposed new radio system. On March 20, 2008, met with Mr. Tolotta to review the radio presentation.
- On March 24, 2008, conducted radio testing from Trenton-Morrisville to Milford-Montague. Testing revealed clear portable radio communications up and down the river. Also visited the Delaware Water Gap facility to check on the start of ESS construction.
- On March 25, 2008, met with MEC to review the Access Control System and ESS camera layout at the New Hope-Lambertville Toll Bridge Facility.

Meeting of April 28, 2008

ELECTRONIC SECURITY AND SURVEILLANCE REPORT MONTH OF MARCH 2008

- On March 26, 2008, attended the DRJTBC Committee Meeting and presented the proposal for the new radio system. Also took part in MEC's ESS presentation for the Commissioners. Thereafter, met with JEK at MEC in Frenchtown, N.J., to review the camera designs for Uhlerstown-Frenchtown, Upper Black Eddy-Milford, Riegelsville and I-78.
- On March 28, 2008, travelled to the New Jersey State Police Headquarters to have a conference call with the Pennsylvania State Police regarding radio interoperability. On May 7, 2008, a meeting has been scheduled at the New Jersey State Police Regional Operations Intelligence Center (ROIC) to bring together the New Jersey State Police, Pennsylvania State Police, NJ Department of Transportation, Pennsylvania Department of Transportation, and the DRJTBC to talk about radio communications.
- On March 31, 2008, attended a meeting at Siemens Building Technology, Blue Bell, PA, to discuss the DRJTBC's Access Control System.

Meeting of April 28, 2008

Meeting of April 28, 2008 PROJECT STATUS REPORT

TRENTON-MORRISVILLE (ROUTE 1) TOLL BRIDGE REHABILITATION AND ADDITION OF ONE NB AUXILIARY LANE

DESIGN Contract No. C-380A

The Design Consultant, The Louis Berger Group, continues to provide services through the post-design/construction phase of the project.

CONSTRUCTION MANAGEMENT/CONSTRUCTION INSPECTION Contract No. CM-380B

The Construction Management/Construction Inspection Consultant, Hill International, has been coordinating field activities with the contractor, reviewing contractor schedules, conducting bi-weekly progress and scheduling meetings, preparing daily reports, tracking project submittals and developing public involvement and outreach efforts.

Hill's Public Involvement Consultant, Bergmaier Associates, continues to update the project website, answer customer generated questions via the toll free number and updating the quarterly newsletter.

On April 8, 2008 the Commission hosted a meeting with various Morrisville officials to provide them an updated status of the project and community outreach efforts to date.

As a result of the initial OSHA Compliance Inspection that took place in July 2007 one of the recommendations moving forward was for the Commission to perform follow-up safety inspections of the Contract T-380B, Rehabilitation of the Trenton-Morrisville Toll Bridge and One Auxiliary Lane, jobsite.

Hill has retained an experienced Safety Professional (Applegate Associates, Inc.) to perform periodic OSHA Compliance Inspections on the Trenton-Morrisville Toll Bridge Rehabilitation construction site.

Meeting of April 28, 2008 PROJECT STATUS REPORT

CONSTRUCTION Contract No. T-380B

Construction work is progressing on schedule. The Stage 1 milestone scheduled for April 3, 2008 has been met. Stage 1 work included the rebuilding of the toll plaza, construction of the head house that connects the main building to the new toll tunnel, as well as demolition and rebuilding the downstream portions of the main river bridge, opening of the south end ramps at the Pennsylvania Avenue interchange.

As part of this initial effort, pier cap extensions were constructed, new structural steel set and new concrete installed in all widened spans of the main river bridge. New toll islands, booths and canopy sections have been installed. New structural steel girders have been placed and new bridge deck placed on the widened portion of the PennDOT viaduct over Conrail & Delaware Canal adjacent to Pennsylvania Avenue exit ramp. Sound barrier wall has been constructed along Ramp G from Pennsylvania Ave to Route 1 NB.

Traffic pattern changes will be taking place the week of April 7th while the project moves into Stage 2 which is expected to last until early 2009. During this stage northbound traffic will ride on the newly constructed bridge deck while southbound traffic will utilize the center lanes while widening efforts take place on the upstream portions of the main river bridge. Southbound traffic will now drive on areas of the newly reconstructed New Jersey approach and toll plaza roadways.

A progress "Partnering Meeting" was held on January 28, 2008 at the Construction Manager's field office. Representatives from the Commission, Berger, Hill and Conti were in attendance. The session was facilitated by FMI Corporation.

Meeting of April 28, 2008 PROJECT STATUS REPORT

PRELIMINARY ENGINEERING AND ENVIRONMENTAL DOCUMENTATION FOR I-95/SCUDDER FALLS TOLL SUPPORTED BRIDGE

STUDY Contract No. C-393A

The Environmental Assessment (EA) and the Section 4(f) documents were submitted to and reviewed by the Commission, the New Jersey Department of Transportation (NJDOT), the Pennsylvania Department of Transportation (PennDOT), and the Federal Highway Administration (FHWA). The agencies met with the Commission on March 18, 2008 to discuss comments to the EA. The EA is being revised to address these comments. The Commission also met with the National Marine Fisheries Service (NMFS) on March 27, 2008 to discuss comments to the EA. Over the next month the Commission will solicit FHWA direction on the extent of additional consultation needed with NMFS on EA comments.

Subsequent to the comment resolutions received from these agencies, the EA will be distributed to the public and other interested agencies for review and comment.

The preliminary Preferred Alternative is the inside widening of I-95 in Pennsylvania, Option 2 at Taylorsville Road and Option 1c – Modified (Roundabout) at Route 29. The Preferred Alternative also includes a total replacement of the Scudder Falls Bridge with the new bridge containing 5 northbound and 4 southbound lanes on an upstream alignment.

NORTHERLY CROSSINGS CORRIDOR CONGESTION MITIGATION STUDY

STUDY Contract No. C-395A

Engineering staff is finalizing the Memorandum of Understanding (MOU) by addressing review comments provided by the Executive Staff. Once the MOU is finalized, it will be sent to the respective state staffs that attended the workshops for final review and comment. Michael Baker Jr. (the Northerly Crossings Study Consultant, Inc. (the Northerly Crossings Study Consultant) has prepared sketches and rough-order-of-magnitude cost of preliminary Open Road Tolling (ORT) concepts for the Delaware Water Gap Toll Bridge. This material was presented to Engineering Staff and the Executive Staff at several meetings.

Meeting of April 28, 2008 PROJECT STATUS REPORT

ELECTRONIC SURVEILLANCE / DETECTION SYSTEM

PROGRAM MANAGER Contract No. C-396A

The Program Manager, Jacobs Edwards & Kelcey (E&K), has been coordinating site survey activities with the DBM Team, reviewing DBM Team schedules, tracking and reviewing project submittals, conducting bi-weekly progress meetings and design review meetings, coordinating communications with the traveling public, and providing construction oversight.

E&K continued to assist the Commission, together with Counsel, in discussions with Advanced Wireless Services (AWS) license holders who have bought rights to regional wireless frequencies through an FCC auction and determined that their proposed AWS networks will potentially interfere with the Commission's microwave communications system. In accordance with Resolution No. 1472-01-08, the Commission and T-Mobile USA, Inc. have executed a Cash Relocation Agreement to compensate the Commission for vacating its licenses to operate in the affected frequencies.

DESIGN-BUILD-MAINTAIN PROJECT DB-396A

Mass. Electric Construction Company (MECC) finalized site surveys documenting existing electrical infrastructure and existing utilities at each bridge as well as identifying potential electrical and electronic surveillance equipment locations and proposed electrical and fiber optic conduit routing.

Access control as well as illumination surveys have been completed.

Construction work initiated March 24, 2008 and primarily involved the installation of outside plant infrastructure at the Delaware Water Gap Toll Bridge and the Easton-Phillipsburg Toll Bridge facilities.

Bi-weekly Design Review Meetings are held to review the infrastructure design drawings and other project related items.

Meetings and activities focused on coordinating the work of MECC together with that of other Commission sponsored projects has occurred and will continue throughout the course of the project.

Additional work activities include the submission of weekly project schedules, coordinating MPT activities associated with site surveys, and preparation of project material submissions.

Meeting of April 28, 2008 PROJECT STATUS REPORT

NEW HOPE – LAMBERTVILLE TOLL BRIDGE ADMINISTRATION BUILDING RENOVATIONS AND ADDITION

DESIGN Contract No. C-397B

Final construction bid documents were received from VITETTA on September 10, 2007. Conformed Contract Documents were received from VITETTA on January 20, 2008. Five (5) Bids were received on October 18, 2007. Interior Design Services is being finalized. Contract is being Closed-Out.

CONSTRUCTION ADMINISTRATION Contract No. CM-397B

The Contract Award was ratified by the full Commission on January 28, 2008. The Construction Administration Consultant continues processing Contractor's submittals and requests for information, conducting bi-weekly progress and schedule meetings, preparing daily inspection reports, reviewing Contractor's payment application, coordinating code compliance inspections and monitoring construction field activities confirming its compliance with the Project Contract Documents.

The Consultant is also assisting the Commission in a high level coordination between the Contractor, ESS, Audio Visual and Standby Generator, TransCore and VERIZON Teams.

CONSTRUCTION Contract No. T-397B

Bid award was made to Twining Construction Co. Inc. at the Commission November 19th meeting for an amount of \$ 4,529,102.00. Notice of Award was issued on November 20, 2007.

Notice To Proceed effective date was December 21, 2007; and a Pre-Construction Meeting was held on January 07, 2008. Bucks County Pre-Construction Conference was conducted on January 10, 2008. Demolition, footing, foundation, and drainage work are near completion. Construction activities are ahead of Schedule.

Meeting of April 28, 2008 PROJECT STATUS REPORT

IAG RFP CONSULTANT

Contract No. C-412A-11

The Inter-Agency Group (IAG) has issued a Request for Proposals (RFP) for the next generation of electronic toll collection system. The RFP will be administered on behalf of the IAG members by the Metropolitan Transportation Authority Bridges and Tunnels. The current E-ZPass technology was first introduced in 1995, when the original seven (7) members of the IAG selected Mark IV Industries, Inc. Proposals are due in July 2008.

1-78 ROADWAY REHABILITATION CONTRACT

DESIGN Contract No. C-424A

PB Americas, Incorporated (PB) continues to provide post design support for the project. PB is continuing to respond to Contractor requests-for-information (RFIs), reviewing and responding to shop drawings and other submissions from the contractor and attending, as required, the bi-weekly Progress Meetings.

CONSTRUCTION MANAGEMENT/CONSTRUCTION INSPECTION Contract No. CM-424A

Greenman-Pedersen, Inc (GPI) continues to provide CM/CI services for this contract which includes monitoring and coordinating field activities with the contractor, reviewing contractor schedule updates, preparation and processing of contractor invoicing, conducting bi-weekly Progress and Scheduling Meetings and preparing minutes of such, preparing daily reports, tracking both RFIs and project submittals along with public information efforts. The development of the first project newsletter continues as has the responding to customer generated questions/concerns obtained via the toll free construction hotline phone number, the number which is displayed on site via two fixed Construction Hotline Number signs. Contact has been made to the local officials to advise them of the status of the ongoing construction.

Meeting of April 28, 2008 PROJECT STATUS REPORT

CONSTRUCTION Contract No. T-424A

Tilcon New York, Inc. continues videoing and inspecting and subsequent lining of the drainage laterals which is nearing completion. Work on the drainage channel stabilization along County Route 519 under I-78 has been substantially completed with the final tasks put on hold until after June 30th contract imposed moratorium. Catch basin cover change outs continues. The drilling and slurry grouting also continues. The replacement of the median drainage has been completed as has the videoing of the median drainage which is not being replaced. A new construction stage near the Still Valley Interchange was recently implemented still maintaining 3 lanes of traffic but shifting the traffic such that the shoulder is utilized as a travel lane. Within this stage change outlined by jersey barriers full depth shoulder and roadway replacement is underway. The implementation of a project wide speed reduction from 65 MPH to 50 MPH was put into effect in February with speed enforcement underway. The contractor's composite baseline construction schedule (CPM) continues to be updated biweekly.

2007 TASK ORDER AGREEMENT FOR NJDEP & PADEP MUNICIPAL STORMWATER REGULATION COMPLIANCE

DESIGN Contract No. C-425B

OUTFALL PIPE DRY WEATHER FLOW INVESTIGATION

Assignment # 4

T & M Associates' Task Order Assignment for the preparation of the Outfall Pipe Dry Weather Flow was issued and is expected to be executed before the next Commissioner's meeting. As required under our NJPDES Permit this task order assignment will seek to identify the source of the dry weather flows in seven (7) different outfalls as identified in a previous task order assignment.

Meeting of April 28, 2008 PROJECT STATUS REPORT

1-78 OPEN ROAD TOLLING (ORT) LANES DESIGN

DESIGN Contract No. C-427B

I-78 ORT Lanes Design (Infrastructure Project)

The Commission continued its consideration of the alternate roadway alignment as compared to the roadway alignment as prepared and submitted by HNTB Corp. as part of the 60% plans, specification and estimate (PS&E) package. A letter was sent to HNTB requesting that they revise the Consultant Agreement Modification Request for services provided by the Toll Group for preparing the procurement documents for the In-Lane System Integrator and the CSC/VPC.

Customer Service Center/Violation Processing Center Design-Build-Operate-Maintain Project

HNTB and the Commission have been preparing responses to inquiries as they are submitted by potential proposers. Addendums No. 1 through No. 4 have been prepared and posted on the Commission's website. We continue to respond to questions and develop addendums as needed. Finally, the Commission hosted a tour of its District I and II facilities at the request of one (1) potential proposer.

In-Lane Toll System Design-Build-Maintain Project

The Commission and HNTB are working together to finalize the request for proposals (RFP). Included in this effort is finalizing the scope and fee for a Predetermined Amount (PDA) for TransCore to continue to maintain the software of the existing ETC system as well as to work with the new in-lane system integrator to integrate to the proposed ORT and VES systems with the existing ETC system.

Meeting of April 28, 2008 PROJECT STATUS REPORT

MILFORD-MONTAGUE TOLL BRIDGE REHABILITATION CONTRACT

DESIGN Contract No. C-430A

The Design Engineer, Modjeski and Masters, Inc., (M&M) continues performing Post Design Services. They have been responding to RFI's and reviewing shop drawing submittals through the use of the FTP site.

In response to the Interim Report on the cause of the Interstate 35W collapse in Minneapolis in August 2007, published in January 2008 by the FHWA, M&M has performed an analysis of the existing bridge gusset plates with the proposed deck in place and full live load on the bridge. The analysis indicated that certain plates require edge stiffening. This stiffening will be performed by the contractor.

In March 2008, the FHWA notified designers that a more rigorous analysis should be performed for construction loads in combination with live traffic loads for truss structures. In response to this latest directive, M&M is currently performing a comprehensive analysis of the truss gusset plates for all variations of traffic live loads and construction loads.

CONSTRUCTION MANAGEMENT/CONSTRUCTION INSPECTION Contract No. CM-430A

The CM/CI Consultant, STV Incorporated, monitors and coordinates construction activities. The inspectors complete daily diaries of work activities. The Resident Engineer submits work activity summaries with updates and the 2-week look ahead schedule weekly. The consultant continues to log RFI's and Shop Drawing submittals and coordinate his staff's activities. Schedule Update Meetings and Progress Meetings are conducted in the Project Field Office biweekly.

CONSTRUCTION Contract No. T-430A

Bridge deck removal in the first work zone from the PA abutment to Pier 2 in the northbound traffic lane is complete. The work zone is 580 feet long with the distance between temporary traffic stop bars being 1030 feet. Traffic is controlled by an alternating signal system allowing vehicles to pass the work zone safely. New stringers have been erected the work zone. The contractor has also begun placing the new deck panels. The painting contractor has begun blasting and painting operations, working from the NJ abutment toward PA.

Meeting of April 28, 2008 PROJECT STATUS REPORT

WASHINGTON CROSSING TOLL SUPPORTED BRIDGE PHASE 1 REHABILITATION & CONCEPT STUDY

Contract C-442A

A Request for Letters of Interest (RFLOI) for this project was posted on the Commission's website on November 13, 2007. A pre-LOI meeting was held on November 20, 2007 with eighteen firms in attendance. LOI's are due on December 10, 2007. The TEC reviewed the LOI's and met with the SSC in mid-January to present their findings. The Professional Services Committee has provided the names of four short-listed firms: Ammann & Whitney, Dewberry-Goodkind, Incorporated, Modjeski and Masters, and Stantec.

UPPER BLACK EDDY-MILFORD TOLL SUPPORTED BRIDGE REHABILITATION CONTRACT

DESIGN Contract No. C-444A

The Commission has short listed the following firms: Erdman Anothony, Gannett Fleming, Jacobs Engineering Group and Urban Engineers to receive an RFP for this project. The RFP will be posted in the 2nd quarter.

Meeting of April 28, 2008 PROJECT STATUS REPORT

STRUCTURAL ANALYSIS OF THE CALHOUN STREET TOLL SUPPORTED BRIDGE

STUDY Contract No. C-447A

This project is for the in-depth inspection, structural analysis and comprehensive concept study for the Calhoun Street Bridge. It is anticipated that the concept study will be used to develop the scope of a future design and subsequent construction contract. The Consulting Engineering Agreement was executed October 24, 2007.

TranSystems/Lichtenstein Consulting Engineers submitted a Condition Assessment and Load Rating Report in February, 2008. The truss was found to be in fair physical condition with an inventory load rating for an H-truck configuration of 17 tons. The remaining fatigue life of the truss, without repair or retrofit, is estimated to be 36 years. The floor system, including the floorbeams and stringers, was found to be in poor condition and is recommended for replacement.

TranSystems/Lichtenstein Consulting Engineers has submitted the Draft Concept Study Report for the Project, evaluating various alternatives for rehabilitation. Upon review and comment, the Consultant will make appropriate revisions and submit the Final Report.

STRUCTURAL / CIVIL TASK ORDER AGREEMENT CONSULTANT Contract No. C-449A

TRENTON-MORRISVILLE TOLL BRIDGE, TOLL PLAZA, CHANGE OF PLAN - CANOPY SIGNAGE

Assignment #5

A field meeting was recently held with Transcore and Gannett-Fleming to discuss design and constructability details. Transcore is proving ETC system integration support to GF during the design and are finalizing their efforts to incorporate in the overall design package. Once reviewed and approved, this package will be forwarded to Conti for a cost proposal through the T-380B construction contract.

Meeting of April 28, 2008 PROJECT STATUS REPORT

MILFORD-MONTAGUE TOLL PLAZA CANOPY FEASIBILITY STUDY

DESIGN Assignment #6

The Commission asked The Louis Berger Group, Incorporated to determine the feasibility of adding LED Full Color Lane Assignment Display signs to the toll plaza canopy structure.

STRUCTURAL / CIVIL TASK ORDER AGREEMENT CONSULTANT Contract No. C-449B

NEW HOPE LAMBERTVILLE TOLL BRIDGE INTERIM INSPECTION AND REPAIR DESIGN

DESIGN Assignment #4

During the 2007 GEC inspection of the New Hope - Lambertville Toll Bridge (NHLTB) in August, several cracks were identified in the cantilever floor beam brackets and floor beam bracket tie-plate/top flange connections. During the November 5, 2007 interim inspection of the floor beam brackets, additional cracks were identified. As a precautionary measure, the right lanes in each direction of the bridge, which are partially supported by the cantilever brackets, were closed to traffic on November 16, 2007.

The purpose of this Task Order Agreement Assignment is to implement the recommendations made by the GEC to inspect and design interim repairs for the superstructure. This assignment will include Interim Inspections focusing on the cantilever floor beam brackets, evaluation and recommendations for repair or retrofit of the existing cracks.

At the February Commission Meeting TranSystems | Lichtenstein presented to the Commissioners, their initial findings from Phase A of their evaluation and presented recommendations for a design approach leading into Phase B of the assignment. Approval was given to begin negotiation for Phase B, including an interim inspection, Load Testing and Finite Element analysis of the floor beam bracket details. Notice to Proceed for this phase of the project is anticipated to commence in mid-March. The completion of the analysis and final recommendations for Phase B are anticipated within four (4) months of the Notice to Proceed.

Meeting of April 28, 2008 PROJECT STATUS REPORT

COMMUNITY INVOLVEMENT GUIDELINES

Assignment #5

Under this Task Order Assignment the Commission requested Greenman-Pedersen, Incorporated to develop a series of guidelines or best practices for community involvement in Commission Capital projects based on contractor's public participation experiences.

A proposed draft of the guidelines is now in the process of second round of revision, with another meeting with commission staff for final review before being submitted to the Commission for approval.

NEW HOPE LAMBERTVILLE TOLL BRIDGE INSPECTION AND RETROFIT ANALYSIS

Assignment #6

During the 2007 GEC inspection of the New Hope - Lambertville Toll Bridge (NHLTB) in August, several cracks were identified in the cantilever floor beam brackets and floor beam bracket tie-plate/top flange connections. During the November 5, 2007 interim inspection of the floor beam brackets, additional cracks were identified. As a precautionary measure, the right lanes in each direction of the bridge, which are partially supported by the cantilever brackets, were closed to traffic on November 16, 2007.

The purpose of this Task Order Agreement Assignment is to perform load test evaluations of the cantilever brackets and develop repairs/retrofit recommendations for the brackets.

In early April, TranSystems | Lichtenstein performed the load testing and commenced evaluation of the test results. TranSystems will utilize computer modeling for structural analysis of the floorbeam brackets and develop repair recommendations for review by the Commission.

Meeting of April 28, 2008 PROJECT STATUS REPORT

DRJTBC SAFETY AUDIT STUDY

STUDY Assignment #7

This task order is for a comprehensive audit of the Commission's current safety program (policies, practices and resources) and to develop the recommended next steps required to align this program with the Commission's stated goal of facilitating a work environment that is as safe as possible for contractors, employees and general public. The Commission's executive staff (Executive Director, Chief Operating Officer, Chief Engineer and Director of Safety) have determined that this audit is necessary given the increase in the number of safety exposures associated with the Commission's expanded capital program.

Staff has received a task order proposal from Greenman Pederson, Inc. (GPI) for these services. GPI has proposed using Transportation Resources Associates, Inc (TRA) to perform the safety audit work. TRA has performed similar audits for the Port Authority of NY/NJ, PADOT, SEPTA and NJTransit. Staff has reviewed the proposal submitted by GPI/TRA and has determined that the scope, fee and schedule are fair and reasonable, and that this task order should be executed.

NEW HOPE – LAMBERTVILLE TOLL BRIDGE ADMINISTRATION BUILDING BACK – UP POWER AND AUDIO VISUAL SYSTEMS IMPROVEMENTS

Contract C-450A

CONCEPT STUDY Assignment #1

This Task Order Assignment was executed on January 04, 2008. Brinjac Engineering attended a Project Kick-Off meeting on January 07, 2008. Project Progress Meeting was held on January 31, 2008. A Draft Concept Study Report submission meeting was conducted on March 03, 2008 and Final Concept Study Report was received on March 10.

The report recommended a 350 KW Standby Generator servicing the entire facility along with Audio Visual capabilities in the Board Room, each of the two (2) new Multipurpose Rooms and Audio Visual infrastructure installation at the new Library.

Meeting of April 28, 2008 PROJECT STATUS REPORT

NEW HOPE – LAMBERTVILLE TOLL BRIDGE FACILITY ELECTRICAL SYSTEM & HIGHWAY LIGHTING REVIEW

CONCEPT STUDY Assignment #5

This Task Order Assignment was executed on April 07, 2008. Brinjac Engineering will prepare a letter report after reviewing the New Hope Lambertville Toll Bridge Facility electrical systems and the existing Highway Lighting system configuration. This letter report will indicate deficiencies and improvements recommendations to both systems.

Brinjac Engineering started the site survey and reviewing the Renovation and Additions Project's Electrical Drawings.

NEW HOPE – LAMBERTVILLE TOLL BRIDGE FACILITY STANDBY GENERATOR FINAL DESIGN

DESIGN Assignment #6

Brinjac Engineering delivered the Final Pre-Purchase Specifications on April 09, 2008.

Final Design is in Progress for the Installation of the Standby Generator once delivered to the site. This design Package is anticipated to be issued as a Change Order to The Renovations and Addition Contractor Twining Construction Company, Incorporated.

NEW HOPE – LAMBERTVILLE TOLL BRIDGE FACILITY AUDIO VISUAL FINAL DESIGN

DESIGN Assignment #7

Brinjac Engineering delivered the Audio Visual infrastructure drawings on April 04, 2008. These plans are being issued to the Contractor to submit a price proposal.

Final design package is in progress for the installation and configuration of the Audio Visual Equipment. This package will be publically advertised for bid by June 2008.

Meeting of April 28, 2008 PROJECT STATUS REPORT

CONSTRUCTION MANAGEMENT/CONSTRUCTION INSPECTION TASK ORDER AGREEMENT CONSULTANT

Contract No. C-451A

ENGINEERING PROJECT MANAGER STAFF AUGMENTATION

Assignment #4

Under this Task Order Assignment the Consultant, Remington, Vernick & Arango Engineers, Incorporated (RVA), continues to provide a Project Manager for staff augmentation of the Commission's construction management staff.

CODE COMPLIANCE INSPECTION

Assignment #5

This Task Order Assignment was executed on January 04, 2008. Remington, Vernick & Arango continue the Code Compliance Inspections on as needed basis.

The Consultant also provided a Code Compliance review of the complete Contract Documents. The letter was received by the Commission on April 07, 2008 and it is being reviewed by the Commission and the Project Architect of Records VITETTA.

NEW HOPE – LAMBERTVILLE TOLL SUPPORTED BRIDGE PIER 2 APRON PRIORITY REPAIRS - 2007

Contract DB-457A

In accordance with Resolution ENG-08-09-07, New Hope - Lambertville Toll Supported Bridge, Pier 2 Priority Repairs - 2007, Contract No. DB-457A was awarded to W.J. Castle P.E. & Associates, P.C.

The project includes Design-Build services to be provided by specialty engineer/contractor to perform high priority repairs of the New Hope – Lambertville Toll Supported Bridge. Services include engineering inspection, design, permitting, and construction for the repair of damage to the apron of Pier 2 to avoid possible significant additional deterioration from a future flood event.

Project kick-off meeting and follow-up progress meetings have been held. Underwater inspection work has been completed; design details prepared and repairs are near completion. Underwater work has been slowed due to unexpected high water throughout the winter. The remaining work continues to be delayed due to high water with anticipation to complete during the spring.

Meeting of April 28, 2008 PROJECT STATUS REPORT

DELAWARE WATER GAP TOLL BRIDGE BEARING REMEDIATION AND DECK STUDY

DESIGN Contract No. C-472A

The Commission, at the March 31, 2008 meeting ratified the award of this contract to Cherry Weber & Associates (CWA) of Phillipsburg, NJ with subconsultants Advanced Infrastructure Inc. and AmerCom Corp. (SBE's).

A notice of award letter was issued to CWA, along with a Limited Notice-to-Proceed as of March 28, 2008. The letter accompanied copies of the agreement for their signature as the insurance certificates had been submitted and approved. Upon receipt of signed copies of the agreement from CWA, the Commission will execute the agreement and issue a Notice-to-Proceed.

The CWA Team attended a project kick-off meeting held at the CPMC Conference Room in Trenton, NJ on April 7, 2008.

GENERAL ENGINEERING CONSULTANT - ANNUAL INSPECTIONS C-07-02

2007 TOLL BRIDGE INSPECTIONS

2008 TOLL SUPPORTED BRIDGE INSPECTIONS

Assignment #2B

The current General Engineering Consultant (GEC), TranSystems | Lichtenstein will be performing inspections of the Commission's Toll Supported Bridges and related facilities. Inspection of the Commission's Toll Supported Bridges will be performed during April, May and June. Vehicle & Equipment Inspections for each District will also performed as part of this assignment and are scheduled to be conducted in September. The findings will be incorporated into the 2008 Annual Inspection Report.

Meeting of April 28, 2008

PLANTS AND FACILITIES REPORT MONTH OF MARCH 2008

- Attended a meeting on March 3, 2008 at the Trenton-Morrisville Administration Building to discuss the Draft Concept Study Report for the New Hope-Lambertville Audio Visual & Back-Up Power Project.
- As Chairperson, conducted the Green Team Bi-Monthly Meeting on March 4, 2008 at the Easton-Phillipsburg Administration Building. Topics included the facility recycling form, long term initiatives, and hybrid vehicles.
- Attended a meeting on March 6, 2008 at the Trenton-Morrisville Administration Building to discuss the proposed VMS issues in regard to the Trenton-Morrisville Toll Bridge Rehabilitation and One Auxiliary Lane Project.
- Coordinated and monitored river readings at all reporting bridges during the flood watch period March 7, 2008 thru March 10, 2008. Frank Tolotta, Deputy Executive Director of Operations, was kept informed of pertinent data.
- Participated in a meeting on March 10, 2008 at the Trenton-Morrisville Administration Building to review documents prepared by Brian Striski and provide input regarding the Structural Damage Assessment Report.
- Continued site visits of Commission Facilities to review plant operations, maintenance operating procedures and related issues.
- Attended the Superintendent's / Operations Meeting on March 18, 2008 at the Easton-Phillipsburg Administration Building to discuss various operational issues.
- Attended a meeting on March 19, 2008 at the Mass. Electric Construction Company Field Office, Frenchtown, N.J., for an update on the progress of the Electronic Surveillance/Detection System Design-Build-Maintain Project. A presentation (PowerPoint) was provided and the various prototypes of the equipment that is planned for installation was discussed and viewed.
- Participated in a Kick Off Meeting on March 20, 2008 at the Easton-Phillipsburg Administration Building to discuss the coordination of the Commission's resources and the General Engineering Consultant's Activities for the 2008 Toll Supported Bridge Inspections.

	Meeting of April 28, 2008
•	Coordinated efforts to implement the necessary repairs to the plumbing system at the Trenton-Morrisville Administration Building. The priority #1 plumbing repairs will be accomplished by an outside contractor during the month of April 2008.

Meeting of April 28, 2008

COMPACT AUTHORIZED INVESTMENT

General

During the month of March, 2008 the CAI funded projects made significant advances towards completion. Most of the municipalities have either completed a project, have a project under construction, have completed the bid process and are ready to award their project (s) for construction or are just about to go out for bids. During their March meeting, the Commissioners awarded 3 grant requests; two for new projects, Knowlton, NJ and Lambertville, NJ and one fund supplement for a project in progress in the Borough of Stockton, NJ. The CAI department received one new application request and several others have made changes to their projects, including more grant supplement requests. On the other hand however, due to the slow construction market several projects bids came in under the engineering estimates.

There was one very successful Ground Breaking ceremony in the Township of Upper Makefield, PA as it gets ready to start its CAI construction project. Several other ground breaking and ribbon cutting ceremonies are in the planning stages with the Communication department for other projects making speedy progress.

Update of some of the most significant efforts with the grantees during this month

Pennsylvania

- Milford Borough, PA The CAI department received an application for the replacement of the existing Mott Street vehicular bridge for a pedestrian and bicycle bridge that will connect Milford and Dingman Township. The bridge will be designed by Pike County planning department. The Hartford St. streetscape project is almost completed as the main construction was completed in December, 2007, but it still has minor punch-list items, such as a final top course and pavement markings that will be completed this spring as soon as the weather gets warmer. The final Penn DOT inspection will have to be completed before a formal close out of the project. The CAI department is contemplating the coordination of a ribbon cutting ceremony when this project is completed.
- Smithfield, PA The Township moved the project advertising date to April 14th of receipt of the HOP
 permit from Penn Dot. The Township will also advertise the graffiti painting job of the underpass as an
 alternate.
- 3. Delaware Water Gap, PA –The Borough has advertised its project for bids and both bids came in lower than the engineering cost estimates. The due diligence engineer is reviewing the bids. The Municipality is contemplating a request to use the remaining money for another project which would replace a broken sewer line and to resurface a section of Oak Street.

Meeting of April 28, 2008

Pennsylvania (Continued)

- 4. Portland Borough, PA The Park and Walk project was advertised for bids and the bids came in than the initial estimated costs. In early March a meeting with the municipality was held with the Borough Mayor, the engineer, and the CAI department. A letter to proceed with the project construction award was sent by the CAI department. The Borough's engineer presented the status of both projects. The Park and Walk project is still waiting for the flashing lights plans that Penn Dot is to complete in order to move this section of the project forward. In addition, the Township needs to provide the CAI department with the contract work schedule for this project as the CAI department has already sent the notice to proceed to the municipality to start the construction of the project. The Park and Ride project is still behind schedule as the municipality has identified, but not acquired the property where the project is to be constructed.
- 5. Lower Mount Bethel, PA The Park and Walk project and the Trail projects were bid out and awarded. Two pre-construction meetings were held in March 29th with the representative team of the municipality and the respective construction companies of each project. Both projects are to start construction in April 2008. The Visitor Center is still going through the process of being presented to the zoning board of the municipality. Further information about this will be discussed in next month's report. A groundbreaking ceremony will be planned for one of the LMBT projects.
- 6. Williams Township, PA The Township received all its necessary permits and the project has been awarded to TELCO construction. This project is currently under construction. The traffic signal poles foundations have been installed and it just waiting for the poles to arrive in order to start the completion process. Two invoices presented to the CAI department are being reviewed for processing and reimbursement.
- 7. Easton, PA Since the last report, the City has not made the CAI department aware of any significant progress towards the completion of of it's projects. The CAI department received a letter requesting to transfer \$50,000 from the traffic calming and bicycle/pedestrian path for a comprehensive service plan of Larry Holmes Drive. The Trolley project is to restart this summer, but there is over 60% of the budgeted amount already spent on last year's trolley project. The CAI depart has not yet received a letter form the municipality requesting an extension for the Riverwalk project. The CAI department will continue working with the stakeholders of these projects and monitoring their progress.
- 8. Riegelsville Borough, PA The Borough continues to work out some details with DCNR on the bridge design. DCNR is requiring the bridge to have a specific façade and the Borough is working with the prefab bridge manufacturer to determine if the façade can be provided and what the cost will be. Once that is ironed out, the Borough will be submitting the plans and right-of way application to DCNR for their review. All of the other details have been finalized for the project. In the meantime, the Borough has submitted their Joint Permit application to PA DEP for their review. The Borough is ready to get the project out to bid and feel that they will stay within budget as some of the construction costs continues to come down. The advertising date is for April 18th and bids will be opened on May 7th.

Meeting of April 28, 2008

Pennsylvania (Continued)

- 9. Solebury Township, PA ON March 26th the CAI department, including Mr. Frank Tolotta met with the CAI project team of Solebury. During the meeting the municipality presented a plan to cut the previously presented cost estimates for the project by a substantial amount. However, Mr. Tolotta made it clear that they must complete the project with the amount of the grant award. They also indicated that they will send the deliverables for their reimbursement request that is now over one year old and pending deliverables for invoices.
- 10. New Hope Borough, PA –The Borough is ready to award the project and start construction in April. One of the estimates came in below the anticipated cost estimates. The Street lights on the Aquatong Creek Bridge are still awaiting for Penn DOT permits.. The CAI department is in the process of full execution of the revised agreement for the newly awarded grant.
- Falls Township, PA No significant changes this month. The CAI department is still waiting for reimbursement request from them to close out the project.
- Upper Makefield Township, PA In March the CAI department and the Communication department coordinated a ground breaking ceremony for the start of the Upper Makefield project. The project is under construction and construction signs are up and visible.
- Lower Makefield, PA The Traffic signal project is completed and the Township is still getting all the necessary paper work together for a close out. The due diligence engineer is in the process of completing the full close out on this project.
- Bristol Borough, PA The Township continues to work on its project construction and the CAI department receives weekly report on its progress with the traffic signals replacement.
- Yardley, PA This project is moving ahead very efficiently and it should be completed by April.2008.
 A ribbon cutting ceremony can be celebrated at the completion of the project construction.
- Morrisville, PA Bids are in for the West Bridge Street project and South Philadelphia project. Both bids came in lower than the anticipated engineering cost estimates and the municipality is contemplating expanding the West Bridge Street project as far west on the road as they can go. The other projects are being worked on final designs. These projects will also lend themselves to a ground breaking ceremony.

New Jersey

- Montague, NJ The Township engineer indicated that the plans for the projects are almost completed, but will now get them to the CAI department by April 14, 2008. The CAI department will review the plans and verify if they can go out to bid.
- Knowlton, NJ The Traffic Management Improvement application received by the Township was approved at the Commissioners March 31st, meeting. The CAI department is in the process of executing a new agreement for this project. The other pending project in the Township has not produced significant progress since the last report.

Meeting of April 28, 2008

New Jersey (Continued)

- 3. Belvidere, NJ The Commissioners decided not to take any action on the current request for additional funding. The Commissioners indicated that they will repave the portion of Water Street that was in the initial application to be relinquished to the municipality. A meeting to coordinate the process of this project will be held with the key stake holders on April 09, 2008 at 11:00 AM in Easton Phillipsburg in the Commission administration building.
- 4. Phillipsburg, NJ This project is now under construction with Top Line Construction Company. The project is expected to be completed by the latter part of the summer. There will be a change order issued for the Union Square area (the section from the railroad west to the bridge abutment). This portion of roadway will be included in the CAI ongoing development, but funded with the capital budget fund, separate of the CAI grant. CMX Engineering completed the plans for this project and they were reviewed and recommended by the Commission Engineering Department.
- 5. Pohatcong, NJ The Township has submitted its bid documents for its project to the CAI department for review. The construction plans were reviewed by the DRJTBC engineer and there were no objections to them. The Township is still planning to award the project for construction during the spring of 2008. The construction work abutting the bridge is going to be done at night and there will be no interruption to the bridge traffic. The bids came in about 60% lower than the engineering estimates and the project has been awarded to Top Line construction, the same construction company doing the Phillipsburg CAI project. The project is to start construction by May 2008.
- 6. Milford, NJ The utility relocation part of this project has been awarded and work will commence on May 1, 2008. The plans for the road reconstruction part of the project has still not been reviewed by the due diligence engineer, but it is also expected to go out for bids by May 1, 2008 and award the contract by May 7th 2008. The municipality is expecting to start road construction in June and have the project completed by September. 2008. The Commission is contemplating following up with the CAI project and doing a bit of work on the West side of the railroad to the bridge abutment. In essence, the Commission will replace a septic tank located in the southwest side of the railroad and connect water line and sewer line of the municipality.
- 7. Frenchtown, NJ There was a reimbursement request submitted for the engineering work done on this project. Bimonthly meetings will be held with the Borough to monitor the projects progress status. No significant progress has been made by the township during this period. The Borough is still awaiting approval from SHPO for the continuation of the project. There has not been any significant change in these projects since the last report. The CAI director and due diligence engineer for the CAI program will follow up with the key stakeholders of this project.
- 8. Lambertville, NJ The application for the reconstruction and resurfacing sections of Jefferson Street that was submitted in February was approved by the Commission at their March 30th meeting. The other projects are still under plans development. The City is requesting a transfer of \$550,000 from its traffic Calming Phase II that was funded by the DRJTBC to the traffic Calming Phase I that was funded by the NJ DOT. The due diligence engineers are carefully reviewing this request as there are multiple grants on this two projects.

Meeting of April 28, 2008

New Jersey (Continued)

- 9. Stockton, NJ During their March 30th, The Commissioners also approved the Stockton's supplement grant request for \$257,000 due to the requirement made by SHPO to use blue stone material and to acquire it from its only approved quarry and because the bids came in higher than the initial cost estimates. A meeting for the Borough of Stockton and the CAI department is scheduled for April 9th to discuss the new budget for the project.
- Ewing, NJ The CAI department completed the execution of the CAI agreement with the change in the
 project scope. This project is ready to commence its work and progress reports will be detailed in future
 operation reports.
- 11. Trenton, NJ Following the executive meeting with representatives of the City of Trenton, of NJDOT, and DRJTBC that was held on December 19th at NHL regarding the projects status and constraints and several possible solutions, two letters were received from Trenton requesting that the Commission amend the existing Rt. 1 contract with Conti to include the CAI South Warren Street relocation project and to extend the completion time for the project. A subsequent meeting of the Commission executive team for this project, the Commission replied with a letter indicating that the Conti contract amendment request was not feasible at this time, and escrow account can be opened to satisfy the NJDOT requirement, and that the extension request will be presented to the Commissioners for their consideration. No other significant changes have occurred since the last Commissioners meeting.
- Delaware Twp., NJ The current funded project is still pending close outs as there are still some punchlist items that need to be completed. No further significant progress was made during this period.
- 13. Hopewell, NJ –The new application submitted by Hopewell for the Pedestrian Bicycles Swing Bridge over the D&R Canal was tabled by the Commissioners. The municipality indicated that it will submit a new, but different application to the Commissioners. The plans for the existing funded project are completed and in the process of being submitted to the CAI department for reviewed.
- 14. West Amwell, N.J. The Agreement was fully executed for the new award to West Amwell for \$365,000 for the reconstruction of section 12 of Rocktown Lambertville Road. Storm drainage will be installed as part of the reconstruction and the storm drainage ditch will be improved. The first project is still under status review for its completion. No significant progress was made by the municipality during this period,
- 15. Holland, NJ The CAI department held a meeting with the township engineer to review the project status. The plans are nearly completed and is being submitted to state for permitting approval. No other significant progress was made by this municipality during this period.

NEW BUSINESS

SUBJECT	DESCRIPTION	PAGE NUMBER
New Business	Letter of Commendation	1-4

Meeting of April 28, 2008

NEW BUSINESS

LETTER OF COMMENDATION

Letter of commendation is reproduced directly hereunder and are self-explanatory.

March 19, 2008

2001 NAN 28 AM 9: 3

Frank G. McCartney
Executive Director
Delaware River Joint Toll Bridge Commission
Administration Building
110 Wood Street
Morrisville, PA 19067

Dear Mr. McCartney,

The New Jersey Bicycle and Pedestrian Advisory Council strongly supports the inclusion of a shared-use path as part of the 1-95 Scudder Falls Bridge Improvement Project.

The ability for bicyclists and pedestrians to cross the Delaware River between Pennsylvania and New Jersey is severely limited; more than half of the bridge crossings do not allow bicyclists or pedestrians.

Including a bicycle and pedestrian pathway on the Scudder Falls Bridge would:

- Provide transportation equity—The bridge pathway would be the first non-motorized crossing of the Delaware River accessible to persons with disabilities
- Enhance bicycle and pedestrian access to the future Bus Rapid Transit stop at the Lower Makefield Park and Ride Lot, connecting neighborhoods, trails and transit
- Connect two major canal towpath trails, the Delaware Canal and the D&R Feeder Canal, encouraging bicycle tourists to explore and spend money south of Washington Crossing in Yardley, Morrisville and West Trenton
- Bring the bridge into compliance with FHWA guidance and the spirit of SAFETEA-LU

Bicycle and pedestrian access to bridges is encouraged in all regional transportation plans, including the DVRPC Long Range Plan as well as the New Jersey and Pennsylvania bicycle and pedestrian plans. Resolutions of support for the pathway have been passed in Ewing and Lower Makefield townships.

The estimated cost of the pathway is \$14 million, or about 7 percent of the \$200 million total cost of the bridge project. The FHWA recommends inclusion of non-motorized access if the cost does not exceed 20 percent of total project costs.

Concern about oil prices, public health, climate change and dwindling highway funds are helping to shift public sentiment towards simpler, energy efficient transportation choices, especially bicycling and walking. The Commission should take into account that providing proper accommodations on a transportation asset with a lifespan of 50 years, like a bridge, is a once in a lifetime opportunity that cannot be lost.

Sincerely,

New Jersey Bicycle and Pedestrian Advisory Council

Cc: Donald S. Shanis, Deputy Executive Director Delaware Valley Regional Planning Commission

March 24, 2008

Delaware River Joint Toll Bridge Commission Attn: Jim Shelly Phillipsburg Toll Plaza Phillipsburg, NJ 08865

Dear Jim:

On behalf of Miller-Keystone Blood Center's Board of Directors, staff and volunteers, as well as our community hospitals and the patients that they serve, I would like to thank you for your outstanding efforts in coordinating the March 13th blood drive sponsored by Delaware River Joint Toll Bridge Commission.

When someone gives blood, they are doing one of the most amazing things anyone can dream of saving a life. We are well aware that coordinating a successful blood drive is not always an easy task. But your efforts have played a significant part in the health and welfare of hospital patients in our area; the need for blood is never ending, and the units collected at your blood drive may have played a critical role in the care of:

- Premature infants
- Accident / trauma victims
- Cardiac patients
- Individuals undergoing chemotherapy for cancer or leukemia
- Burn victims

- Surgical patients
- Hospital patients undergoing an organ or bone marrow transplant
- Individuals suffering from aplastic or sickle cell anemia

Just a single blood donation can mean the difference between life and death, and there is no way to obtain critically essential blood products except through the ongoing efforts of blood drive coordinators like you. Because of your past support, the lives of many individuals in our region have been saved, and with your ongoing participation, we can ensure that the blood needs of your family, your friends and your community will continue to be met.

Sincerely,

Jillian Mackes

Donor Resources Representative Miller-Keystone Blood Center
