ADDENDUM NO. 3

Purpose

The Delaware River Joint Toll Bridge Commission (DRJTBC) issues this Addendum to establish how vendor questions and Commission responses will be published for Contract No. C-798A.

RFP MODIFICATIONS:

1. Publication and Notice

The Commission will post the cumulative Rolling Vendor Questions and Commission Responses document under Contract No. C-798A (https://www.drjtbc.org/professional-services/current/). Each release lists its revision, date, and new or revised question IDs. The Commission will email registered vendors a link when an update is posted. Vendors should monitor the page for updates and formal addenda.

2. Status of Published Responses

Vendors may rely on the Commission's written clarifications in the current rolling Q&A when preparing proposals. In a conflict, the solicitation documents control in the order established by RFP Section 2.5. Changes to requirements, deadlines, forms, evaluation criteria, or submission instructions will be issued by formal addendum. Rolling Q&A revisions require no separate signed acknowledgment.

3. Effect on Prior Provisions and Schedule

This Addendum supersedes RFP Sections 2.2 and 2.4 and Addendum No. 2, Item 1, to the extent they require written responses to vendor questions to be issued exclusively by formal addendum or distributed as copies to registered vendors. Item 2 also governs any conflicting references elsewhere in the RFP.

Vendor questions are due December 18, 2026. Final responses will be posted by January 22, 2027. Proposals are due February 26, 2027, by 2:00 p.m. local time. All other solicitation provisions remain in effect.
