ROLL CALL

WELCOMING REMARKS OF THE EXECUTIVE DIRECTOR

Executive Director Resta welcomed those persons whose identities are set forth hereinabove under "Appearances".

INTRODUCE ANY COMMENTS FROM THE PUBLIC

Executive Director Resta addressed the meeting and invited any comments from the public on items pertaining to today's Agenda. No questions were presented.

EXECUTIVE DIRECTORS REPORT

Joseph Resta, Executive Director, addressed the meeting and said;

Good Morning Commissioners, the agenda for today's meeting contains a resolution for cancellation of the August Commission meeting in keeping with past practice. During the month of August, Commission staff will begin preparation of the necessary documentation for the 2023 Operating Budget and 2023-2024 Capital Plan. Commissioners will receive the draft budgets at the close of our October meeting cycle for their review, and staff will revise and resubmit until the December meeting where budgets are routinely authorized for the ensuing year.

I would like to take this opportunity to highlight a resolution for Commissioner's consideration today regarding the contribution policy for the Other Post-Employment Benefits, or OPEB Trust Fund. This fund was created to supply supplemental benefits to those retirees that meet the eligibility requirements of the Trust. The OPEB has received steadfast support from this Commission and has reached an actuarial equivalent of "full funding". In layman's terms "full

Meeting of July 25, 2022

funding" means that the investment returns of the Trust are enough to support the cost of the claims paid for retirees on an annual basis. This is a momentous accomplishment, despite starting the trust during the Great Recession, and navigating the ups and downs of the investment markets over the years. We ask for your support today for this resolution, as it defines an adjustment to our policy of contributions with respect to the issue of "full funding".

In closing, we ask for your support to fill operations positions on today's agenda. We have begun to see less competition and interest in these types of positions as the unemployment rate reaches historic lows.

Thank you, Commissioners, this concludes my remarks.

INVITE ANY COMMENTS FROM THE PUBLIC

Executive Director Resta invited any Comments from the public. No questions were presented.

Chairman Komjathy addressed the meeting and said;

Do the Commissioners have anything they would like to say for the record? Real quick, this past month I have traveled out to the field I believe on three occasions. We went to Trenton-Morrisville and took a tour there where they're getting ready to demolish the old building and with some of the staff, I went through the demonstration of the sweeper vehicles that the Commission is looking at. It was interesting to go out on the front lines, go across the bridge over there and see what they do. And then last week we went up to I-78 and kind of did the same thing and visit with the troops out there, and I also got a tour from the director of tolls of the toll plaza that was involved in the accident a couple weeks ago. And it was amazing how well-constructed that toll booth was that protected our employees. You can see some of the damage where the car hit, but I think, again, when there was an accident there several years ago the Commission took action in strengthening those toll plazas. It is also something that, you know, those of us that we sit here in Yardley don't see with some of our troops out there on the road are up against and I think especially at 78 and, again, with Trenton-Morrisville it's a pretty dangerous situation that our employees are up against, number one. And number two, there was

Meeting of July 25, 2022

another incident where a vehicle rear ended one of our attenuators at almost 60 miles an hour. And thank God, none of our employees were hurt, but I think that goes to the thoughts and processes that our staff go through and I've learned, you know, from some of the folks in the field about what it's like to be out there, especially on a day when it's almost 100 degrees out there near Allentown. It is a very impressive group of people. Very diverse. It is amazing. They are all from Pennsylvania, New Jersey and each area is a little bit different, so I learned a lot the last couple months going out to do this and I plan on going to the I-80, Phillipsburg, and up to Milford-Montague facilities just to go meet the troops and see what it's like out there. But we have a very, impressive group of folks and, Madam Vice Chair, a lot of folks on the senior staff here know you quite well, so a lot of folks send their best regards. But thank you, staff, for taking out the time and taking me up there and showing me that vast operation. I would like to ask that at our September meeting if we can have all the Commissioners here and want to do sort of a group photo of all the Commissioners and then -- we haven't had an all group together meeting in a while. Hopefully everybody can make it down here. I would like to do it at the September meeting. And then I would like to wish everyone a happy summer and we will see you in September. If anybody has anything else? Madam Vice Chair, do you have anything?

Vice Janvey addressed the meeting and said;

No. I'm not going to sing it either.

Chairman Komjathy addressed the meeting and said;

With that I would like to ask for a motion to adjourn.

Executive Director Resta addressed the meeting and said;

Hang on one second, I have a script that I need to stick to.

Chairman Komjathy addressed the meeting and said;

Sorry about that.

PROPOSED AMENDMENT TO CONTRIBUTION POLICY Approved by the Administrative Committee June 22, 2022

Delaware River Joint Toll Bridge Commission Policy with respect to contributions to the OPEB Trust Fund

In order to provide a more consistent pattern of contributing Commission funds to the OPEB Trust Fund, and thereby improve the sustainability of the OPEB Trust Fund at its present funding level or better, the Delaware River Joint Toll Bridge Commission hereby establishes a contribution policy as follows:

- 1) For each calendar year, the Commission shall contribute to the OPEB Trust Fund an amount equivalent to the retiree benefit expenses paid during the immediately preceding calendar year plus a growth factor, such factor to be determined annually based on the average annual rate of change in retiree benefit expenses over the previous five calendar years.
- 2) Upon approval by the Administrative Committee of a calendar year's contribution amount, the contribution amount shall be paid into the OPEB Trust Fund in regular quarterly installments, or in such other regularly occurring time periods as determined by the Administrative Committee, after consultation with the OPEB Trust Fund Investment Manager. To the extent possible, the timing of such contribution installment payments should coincide with the requests for reimbursement from the OPEB Trust Fund of amounts paid by the Commission for retiree benefits for that time period.
- 3) The annual contribution amount and any installment thereof shall be reduced or suspended in any calendar year in which to the extent that the OPEB Trust Fund assets exceed 100% of the actuarially determined liabilities.
- 3)4) Upon suspension of contributions under section 3 above, in any calendar year in which the assets of the OPEB Trust Fund shall have fallen below 85% of the actuarially determined liabilities, the Commission shall resume making contributions in accordance with this Policy beginning in the next subsequent calendar year.
- 4)5) The payment of the annual contribution amount or any installment thereof shall at all times be subject to the availability of funds for such purposes.

IBE PROGRAM OVERVIEW

The Delaware River Joint Toll Bridge Commission (Commission) established an IBE Program (MBE/WBE/SBE/DBE/DsBE/VBE) with a target of 25% for all Professional Services and Construction Contracts awarded by the Commission effective July 1, 2014. To date, the Commission has awarded (73) contracts with the IBE Program requirements. Currently, there are (36) active projects and (37) completed projects.

IBE Program Requirements

The Commission began using Elation Systems effective January 2017, as the online system for Payment Verification and Certified Payroll Reporting (CPR). All contracts awarded by the Commission to a Prime Consultant/Prime Contractor and their Subconsultants and Subcontractors use this service free of charge. Online training is available to vendors on how to use Elation Systems. The Contract Compliance Department and Elation Support Staff are available to assist all users.

The Contract Compliance Department (CCD) monitors, posts and reports data in regards to all payments. The CCD also reviews all Certified Payrolls submitted into Elation Systems.

The following are all mandatory requirements:

Company On-Line Registration:

- i. All Primes must register their company and activate an account in Elation Systems; and
- ii. All Primes must also ensure that all Subconsultants and Subcontractors register their company and activate an account in Elation Systems.

Payment Verification:

- i. Prime Contractors must post all payments to their Subconsultants and/or Subcontractors in Elation Systems; and
- ii. Prime Contractors and their Subconsultants and/or Subcontractors must confirm all payments received in Elation Systems.

Certified Payroll Reporting:

- i. All Prime Contractors are responsible for assigning someone from their staff with the responsibility to review, approve, and upload their CPR(s) on a weekly basis into Elation Systems; and
- ii. All Prime Contractors must also ensure that their Subcontractors upload their CPR(s) on a weekly basis into Elation Systems.

Prime Consultants / Contractors IBE Target performance will be displayed / available on the Commission's public website.

Contract Compliance Department Compliance IBE Scores Overview

The Commission through its Contract Compliance Department has instituted a Compliance Score Ranking that will be included in the Monthly Contract Compliance Report for all Professional Services and Construction Projects.

The Compliance Score Ranking is an ongoing summary of data presented on Active and Completed contracts, which includes the tracking of payments from Prime Consultants and Contractors to IBE Subconsultants and Subcontractors, and the Prime Contractors Workforce Utilization. The Scores will illustrate the progress and participation to meet the Targets by Prime Consultants and Contractors as part of the IBE program.

The complete and timely reporting of payments and certified payrolls to the Elation Systems by the Prime Consultants and Prime Contractors, and their Subconsultants and Subcontractors, will assist the Prime Consultant and Prime Contractor in tracking the data to meet their targets.

Accordingly, each Prime will also be given a final grade at the completion of each project. Additionally, the data will be uploaded onto the Commission's public website on a monthly basis. *The Score(s) are factored using the following criteria:*

IBE PAYMENTS

The payments by the Prime Consultant / Contractor to each of their IBE Subconsultants / Subcontractors will be calculated based on the criteria set by the Commission's 25% IBE Target.

MINORITY, WOMEN AND SMALL BUSINESS ENTERPRISE PROGRAM

The Delaware River Joint Toll Bridge Commission implemented a one-year Minority Business Enterprise (MBE) pilot program, with a 7% participation goal, and the Women Business Enterprise (WBE) pilot program with a 3% goal. These goals applied to consultants and contractors' participating in the Commission's Capital Program and were effective on September 1, 2008.

At its December 2008 Commission Meeting, the Commission revised the pilot program to specify a 25% Small Business Enterprise (SBE) goal to New Jersey assigned consultant contracts in lieu of the previously specified 7% MBE and 3% WBE goals.

At its December 2010 Commission Meeting, due to the success of the Commission's MWSBE Pilot Program, the Delaware River Joint Toll Bridge Commission adopted a resolution for permanent status of the Minority Business Enterprise (MBE) program, with a 7% participation goal, and the Women Business Enterprise (WBE) program with a 3% goal, and the Small Business Enterprise (SBE) program with a 25% goal. These goals apply to consultants and contractors' participating in the Commission's Capital Program.

The Contract Compliance Department continues to monitor, update and analyze the payments for the MWSBE diversity program.

COMMUNICATIONS REPORT June 2022

• COMMISSION AWARENESS EFFORTS:

2021 Annual Report — Compiled various photographs and graphic content to accompany articles generated in-house and to be submitted by media consultant Bellevue Communications. Initiated the process of forwarding completed content to appropriate Commission staff for final review and vetting. Finalize and categorized a various content. The report remains on track for completion in the summer. A final element will be the Statements of Net Position page, which is contingent with the submittal of New Jersey pension info for completing the annual audit.

Centre Bridge-Stockton Toll-Supported Bridge Wireless Sensors — With the help of W. Michael Cane of the Engineering Department, a press release was drafted, posted, and distributed to notify the public about the placement and calibration of wireless structural-health sensors at the Centre Bridge-Stockton Toll-Supported Bridge. The sensors — called strain gauges — will be put online at some point after engineers conduct load tests to calibrate the devices at the bridge in mid-July. The work is part of the Commission's Structural Health Monitoring Pilot Program.

Northampton Street Toll-Supported Bridge Rehabilitation Project – Made updates – as needed – to this project's webpage on the Commission website – www.drjtbc.org. Responded to various media and public inquiries regarding the project and its travel restrictions.

• MEDIA RELATIONS:

Hot Topics: New Hope-Lambertville Toll-Supported Bridge cited as stargazing location in a newspaper column; Phillipsburg Main Street businesses say they're being hurt by 'free bridge' rehab and toll bridge rate adjustment; PennDOT delays Route 263 repairs near Centre Bridge-Stockton Bridge; Washington Crossing's 100th anniversary of public ownership; four-vehicle crash at I-78 Toll Plaza leaves three injured; Centre Bridge-Stockton Bridge outfitted with wireless sensors; Falls Township hires architectural firm that worked on Commission's Scudder Falls Administration Building; possible I-295 lane restrictions near Scudder Falls Toll Bridge

• WEBSITE:

- o DRJTBC.org: Updated various items on the Northampton Street Bridge Rehabilitation Project webpage. Reviewed the June Commission meeting notice and updated the remote meetings page with requisite document uploads and links. Updated the management webpage to list Kevin Skeels as Chief Engineer.
- COMMUNITY AFFAIRS: (Please refer to Community Affairs report) Edited/proofread spring newsletter compiled by Community Affairs Director Jodee Inscho. Coordinated on various contact-us inquiries. Visited the Seward Johnson

Atelier to see the gold-leaf restoration work on the state monuments that have been removed temporarily for the Northampton Street Bridge rehabilitation.

INTERNAL/EXTERNAL COMMUNICATIONS

- Recorded a total of 14,645 sessions (visits) on the Commission's website www.drjtbc.org during June. That's a decrease from the 16,191 sessions recorded in May and the 17,318 sessions tabulated in June 2021.

- Drafted and vetted proclamations to honor Public Safety and Bridge Security
 Assistant Coordinators Joseph Boraski and John Kelly for their response to a chaotic
 hit-and-run incident at the Washington Crossing Toll-Supported Bridge over the
 Memorial Day weekend. Secured signatures and applied gold seal, ribbons. Ordered
 and picked up frames for presentation of the proclamations at the June Commission
 meeting.
- Visited the Slate Belt Museum in Mount Bethel, PA. for purposes of examining various archival information about the former wooden-covered bridge at Portland-Columbia and the former Columbia Delaware Bridge Company. Another visit will be necessary to complete the research on this bridge crossing, the last location to have a wooden bridge constructed across the river (opened 1869).
- Picked up digitized film footage of the 1933-34 construction of the Upper Black Eddy-Milford Bridge. The film footage has been uploaded to servers in engineering and communications. The plan is to post it on YouTube for public viewing at a later date.

As part of an NPDES permit application process for this site, screening for suspected Bog Turtles and other federally endangered species was made on June 14th, 2019 by the US Army Corp. of Engineers (ACOE) and found that the Project site does not include a Bog Turtle Habitat. In light of these results an environmental permitting pre-application meeting were held on June 20th 2019 and January 23, 2020 with PADEP in attendance together with the US Army Corps of Engineers as relates to a joint permit for wetland and storm water impact and mitigation at this Langhorne site. Also; as a pre-requisite to obtain NPDES permit approval, a SHPO survey was made and a determination that there are no historic properties exist on site was obtained on March 24, 2020. In addition; ACOE conducted a survey on March 16th, 2020 and determined that none of their jurisdictional waters or wetlands exist on this site. Furthermore; the ACOE biologist who provided this survey agreed that the pond that exists on-site is man-made and therefore is not considered jurisdictional based on his field inspection. Additionally; two state identified endangered species were identified by the Pennsylvania Natural Diversity Inventory (PNDI) to potentially exist onsite. The design team, initiated field surveys on March 13th, 2020 and field traps were placed to determine if their habitat exists within the project limits to develop a mitigation plan. Survey concluded and PNDI concurred on September 9th, 2020 that none exists within the Commission's property.
