

NORTHAMPTON STREET BRIDGE (EASTON-PHILLIPSBURG 'FREE BRIDGE') LIGHTING POLICY

Community organizations may submit a request for temporary architectural lighting schemes for the Northampton Street Toll-Supported Bridge (“the free bridge”). The Commission expects to receive requests from many deserving organizations; it might not be able to accommodate all of them. The Commission will attempt to confirm, at least two weeks in advance, if it can accommodate a respective request. The confirmation will include any edits, if necessary, and the date(s) the color/animation will appear.

Please review all requirements and guidelines prior to submitting a request.

Requirement

- Requests must be received at least 30 days before the applicable show date(s).
- Please provide several dates, or a range of dates for the requested the color alteration to appear. Color requests from community partners typically run two to three consecutive nights; however, final date (or date range) selection is based upon availability and solely at the Commission’s discretion.
- Utilize the Temporary Lighting Adjustment Request Form from this website.
- Submit the form either electronically following the directions on this webpage, via email to communityaffaris@drjtbc.org or thru the US mail, to:
Delaware River Joint Toll Bridge Commission
Attn. Community Affairs
1199 Woodside Road
Yardley, PA 19067
- If possible, please provide the RGB or CMYK values for your requested lighting color. Due to technical limitations of the light fixtures, not all colors are achievable. Colors will be matched as close as possible.

Policies

- The programmable color-changing LED architectural LED lighting and animation of the bridge will be run at the sole discretion of Delaware River Joint Toll Bridge Commission.
- The bridge lighting system will not be adjusted for personal events, birthdays, anniversaries, or other personal occasions. Major civic events and historic federal, state, and local anniversaries will be considered.
- All requested temporary adjustments to the lighting system must be in keeping with Commission values and conform to Commission standards of appropriateness and good taste.
- The special program colors will run from dusk until 11 PM and traditional WHITE would return from 11 PM until dawn.
